CHERRIES BRING GOVERNMENT TO STICK TO AIR

Cove People Prosper This Year from Excellent Crop—Picking About Over.

(Special to The Observer) COVE, Aug. 2.—The day of cherry picking is nearly over. The growers are all feeling pretty happy. One ten-acre tract producing 40 tons—ten-acre tract netting \$4000.00 to the grower—one three-acre tract bringing its owner \$1500. One man who has 175 trees claims to have received 15 tons of cherries and this is only a beginning of the tide of gold that is flowing into the pockets of the cherry growers. Cove wears a big cherry in its crown of jewels and can truly say "white is the land where the cherry is king."

Miss Mary Stevens was a Union visitor on Monday. Miss Mary Stevens of Portland is making an extended visit among her many friends in Cove. Mr. and Mrs. Earl Stevens, who have been spending the past two months at Cove and La Grande, have returned to their home in Portland.

Mr. and Mrs. W. Malone, who live on a ranch near Baker, are in Cove visiting their parents. Chas. Duffy of La Grande, is in Cove. Mrs. Earl Landers, nee Eunice Randall, is in town looking after her father's drug business. The business is soon to be sold and Cove is hoping for an up-to-date man who will dispense the needed medicines.

Mrs. Royal Allen of Cody, Wyoming, but formerly of Cove, is in town visiting her many friends. Mrs. Allen has been in Baker for the past month, called there by the illness of her father.

Prof. and Mrs. Roy Conklin and children were Cove visitors on Sunday. While here they were the guests of Mrs. A. G. Conklin.

Permits to build camp fires in the National forests of Oregon should be obtained from the local ranger or supervisor, and not from the Portland district office of the United States forest service. The adoption of the new camp fire regulations enables the rangers to know just who is in the forest and he can better keep an eye on all camp fires.

Mrs. T. R. Conklin gave a small dinner party on Saturday in honor of her friend, Mrs. Clayton Mays of Hilo, Oregon.

Mrs. Herbert Van Gordon, with her children of Las Vegas, Nevada, is spending the summer among her old friends in Cove.

Cove is to have a new garage. The process of construction is now under way. The building permit was secured by Dr. Little. The building is to be of brick and promise to be a real addition to our town.

A daughter was born to Mr. and Mrs. Emerson Williams July 29. The mountains are full of huckleberry pickers. Several parties went out on Sunday and each and every day many are either going or returning laden with berries.

Mr. and Mrs. E. C. Rees left on Friday for a camping trip in the mountains.

Alvin Olson and Francis Kelley returned on Thursday from a fishing trip with lads with the toothsome dainties. Mr. and Mrs. Chas. McNeil of Seattle, Wash., are guests at the home of Arch McNeil. The McNeil home in the canyon has been the scene of a family reunion for the past week. Mr. and Mrs. John McNeil of La Grande, Mr. and Mrs. Roy of La Grande, Mr. and Mrs. Ray Constock of Baker, Mr. and Mrs. Clayton Mays of Hilo, and Mr. and Mrs. Chas. McNeil of Seattle, have all been gathered at the old home which is now the residence of Mr. and Mrs. Archie McNeil.

Mrs. Arch Conley and Mrs. Raymond Goodenough of La Grande will entertain the Ladies' Guild on Thursday, August 3, at the residence of Mrs. Goodenough.

Mrs. Cora Richards of Portland is spending the summer at the home of her daughter, Mrs. E. N. Conley.

Mrs. E. H. Conley was hastily summoned to the bedside of her mother, Mrs. Taylor, who is seriously ill at the La Grande hospital.

Mr. and Mrs. J. J. Conley were dinner guests on Sunday at the home of their daughter, Mrs. H. Goodenough.

Mrs. Phillip Lockwood and Mrs. Herbert Van Gordon were camping in the mountains last week.

Mrs. E. B. Conklin and daughter of Ontario, Ore., are guests at the home of Mrs. A. G. Conklin.

The farmers are busy in the harvest fields and the song of the reaper is heard in the land.

Clifford Lorse is now occupied in the barber shop.

Mrs. Dorothy Hallmark is clerking in her father's store. Glenn Hallmark is still seriously ill at the La Grande hospital.

Mr. and Mrs. Donald Gale were in Cove on Saturday.

J. W. Bids and E. H. Evans left yesterday morning for a week on the Minam.

Mrs. C. L. Rowe has a granddaughter visiting her from Pendleton.

Mr. and Mrs. Clarence Hershford and children are spending the week in the mountains.

Mrs. Perley Tobin of Pendleton is spending the summer at the home of her mother, Mrs. Iva Wilson, in Cove.

Fighting Weeds. In sections of the Northwest fruit growers cover the fields with netting paper, cutting out round holes for the seedlings. It has been found that by this method weeds are kept out and there is a big saving in labor for cultivation and irrigation.

GOVERNMENT TO STICK TO AIR

New Flying Field and Plane Factory Started in Chicago for Mail Planes.

(By Associated Press) CHICAGO, Aug. 2.—Work has been started on a great government mail flying field and airplane factory in Broadview, a western suburb of Chicago. It is expected the field will be in proper condition for landing and the five brick buildings which will house the factory and the planes will be completed by October, according to E. M. Harbort, assistant superintendent of aerial mail for the eastern division. A small airplane factory is now in operation on Checkerboard field just east of the new site but it cannot turn out the planes for the over-growing mail service. The new factory which will be the largest airplane factory under governmental control will have a capacity of 12 planes a month. The machines it will make will be a modification of the De Havilland 4 and will be equipped with Liberty motors, Mr. Harbort said.

The field will be the manufacturing and repair headquarters for the whole service, it was said. Experiments will be conducted here for night flying so that when the service is called upon for continuous flights it will be ready for the emergency. Mr. Harbort explained. The type of plane now used lands at such a terrific speed that it is dangerous for night work in case there is a forced landing. It is hoped at the experiment station systems will be devised for lighting airways and perfecting a slow landing machine.

PROMISE PEOPLE MARKET FRUIT

(Special to The Observer) PROMISE, Aug. 2.—Gov. J. M. Chapman of Enterprise held services in Promise Sunday.

Mr. and Mrs. Harwood accompanied him and returned to Enterprise Sunday evening.

Joner Trump, F. M. Roop and B. S. Thompson were called to Lostine Tuesday to help fight fire.

Everett McCubbin came in Tuesday from Lostine to visit his mother, Mrs. J. O. Swenington.

Mrs. G. S. Trump and children and Miss Celia Trump visited at B. E. Thompson's Saturday.

Miss Lora Garper and David Garrett went to Wallowa Sunday evening.

Howard Collins and Wilfred Lyon returned from Powwatha Friday.

Miss Theresia Smith visited Tuesday evening with Mrs. C. B. Gifford. Will Reed went to Wallowa Friday with a load of huckleberries.

J. K. Carper has taken several loads of fruit and vegetables to Wallowa and Esterville.

W. B. Hencock has purchased a new car. Luther Trump is able to be up again after a severe spell of typhoid fever.

W. I. Samar made a business trip to Wallowa Friday.

Elmer Bennett and Hendrick Footberg returned to Minam Monday.

A 6-pound boy was born to Mrs. E. A. Trump Saturday July 28. Both mother and baby are doing fine. It is the fourth boy and no girls in the family.

Suits of Snap and Character Affording Important Savings!

There are the real, genuine touches of finish and hand tailoring in our new Fall Suits for young men which quickly distinguish them "in the crowd" from the average make. The manufacturers whose names, if we were to mention them, would inspire confidence, tailor into our clothing all those little details, which, combined, go to make better styled, better fitting and better service-giving garments. Buying for our chain of hundreds of department stores insures enormous orders to the makers, and it is but natural that they should exercise the utmost skill and care in the production. For the same reason, there is a tremendous advantage in the producing cost which reverts to you in considerably lowered prices—thus affording you important savings.

Sports Suits and Two-Button Conservative Suits for Young Men
\$19.75
\$24.75
\$29.75

Young men, this Fall will find the handsome Sports Suits, in their deftly developed variation of style lines, in indisputable leadership. The popularity of the model also will be more in evidence among business men who like to "step-out-a-step-or-two" away from their customary conservatism in dress. Illustrated here is unquestionably the leader among the styles of Sports Suits. The pictures give both the front and back view. The four patch pockets to button, the straight yoke, the inverted pleat and three-quarter loose belt are all outstanding style-features which give a preference to this model. In addition to the two and three-button single breasted models, there are double breasted models greatly favored by many; also semi-conservative styles. Choice of wear-resisting cassimeres in blues, grays and browns, club checks, tartan plaids and fancy mixtures. Sizes 35 to 44.

Actually Better Clothes for Less Money Than Ordinarily Can Be Bought!

WERE LOST IN ROUGH MOUNTAINS

(By Associated Press) PRINCE RUPERT, B. C., Aug. 2.—Lost in the mountains, after Stafford and his wife were found recently in the last stages of starvation by two constables on the Kovey river, thirty-two miles from Skeena mills. The couple had not eaten real food for twenty days, the only thing that kept them alive being soup made by boiling scraps of old beaver skin. Stafford's condition was pitiful, as he had been suffering from tuberculosis for several months. How he was able to survive the terrible experience is a mystery to observers. Stafford and his wife were discovered in a small tent pitched under a big tree. The man, too weak to move, was placed in a canoe and the woman was hoisted along the shore until a point 25 miles from the railway was reached. Here they were left with firewood, with enough food to last six weeks, and a stock of medicine was sent in.

Setting New Bike Record With Motor Pacing

(By Associated Press) STOCKTON, Cal., Aug. 2.—Scores of deer in the ranges in the southwestern end of San Joaquin county are dying of anthrax, a deadly cattle and livestock disease, according to Deputy Fish and Game Warden John O'Connell, who has patrolled that section. Farmers in the foot hills region noted the numerous deer carcasses in the hills during the few days previous to the opening of the season and it is believed that the disease has spread among the wild deer of the lower regions. Fish and game wardens are at a loss how to control the further spread of the malady.
