INSANITY PLEA EXCITES CRIME

Defense of Insanity is Invitation to Murder, Says Judge Wilbur.

(By Associated Press) SAN FRANCISCO, Aug. 9.—Insanity as a defense should be done away with in criminal trials because it not only tends to leave society unprotected from the acts of persons acquitted on this ground but also becomes a cloak for crimes committed under the "written law," declared Curtis D. Wilbur, associate justice of the supreme court of California, in an address today before the judicial section of the American Bar Association.

"At present the defense of insanity is a trap for the insane and a way of escape for the sane," he said. "It is a humbug, a pretense, a cloak for hypocrisy, an invitation to murder all too frequently accepted by the jealous lover, the discarded mistress, the indignant father or outraged husband."

He said the "unwritten law" had taken such hold of the imagination of the people that the trial of a murderer because the trial of the dead man whose villainy are exaggerated as a cause for the defendant becoming insane.

Judge Wilbur, who has figured prominently in juvenile and adult probation work and care of the insane in California, proposed that insanity no longer be treated as a defense in criminal charges, that evidence on the subject be excluded from a jury trial in a criminal case and that a board

UNSHAKEN TESTIMONY.

"Time is the test of truth. And Dean's Kidney Pills have stood the test in La Grande. No La Grande resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony."

Mrs. Mary Campbell, 1524 Monroe St., La Grande, says: "I conscientiously recommend Dean's Kidney Pills for I know from personal experience they are a good reliable remedy for kidney disorders and general physical depression. Whenever I notice any symptoms of kidney trouble coming on a few of Dean's overcome the trouble and act as a tonic to my whole system."—(Statement given May 25, 1921.)

On May 6, 1920, Mrs. Campbell said: "I will always recommend Dean's Kidney Pills as I have never found anything to equal them for occasional attacks of kidney complaint." Price 60c. at all dealers. of alienists after conviction decide whether the defendant be committed to a state hospital, prison, or released under probationary supervision to a private hospital or other custody, the state retaining jurisdiction for at least as long as the maximum term of imprisonment for the offense.

"Expert witnesses" were scored by Judge Wilbur, who said their testimony was frequently so conflicting as to bewilder a jury. "The expert should be called in by the state, to act in an impartial judicial state of mind," he said, "and not to search for reasons or arguments to sustain the position of either the prosecution or the defense. "We should have our system of jurisprudence upon truth and execute it with justice, and a plan that puts a premium on perjury and ignorance should be abolished."

SAME OLD STORY BUT A GOOD ONE.

Mrs. Mahala Burns, Savannah, Mo., relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: "I used a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint three or four years ago and a few doses of this remedy cured me. I have recommended it to dozens of people since I first used it and shall continue to do so for I know it is a quick and positive cure for bowel troubles."—Adv.

THE TURN IN THE ROAD

SOME time or other everyone comes to the turn in the road. "Turn to the right and you can't go wrong," is an old saying. In this case a turn to the right leads to the Savings Bank, to preparedness, to independence. If you haven't a savings account, remember that it is a long road that has no turning. This bank will be glad to serve you.

The boy is in a state of nervous collapse because of the accident, and was unable to give a coherent story of the tragedy this morning. He stated to the coroner, however, that the car, a Buick one, was driven at a speed of from 25 to 30 miles an hour. Because the machine landed on its wheels, it is thought that after skidding and hitting the rocks on the road, it first threw Brown from the car, but that he was unable to make his escape before the car struck him as it went over the edge of the road.

Swinging and Laughing and Eating Bread

—These are the things that make children bright-eyed and ruddy faced and happy.

—Little stomachs need real food like bread just as much as their lungs need pure fresh air.

—Bread is a tissue-builder and it tastes good besides.

—The good flour, good milk, and compressed yeast of which our loaf is made give it a neutral, wholesome flavor and a real food value.

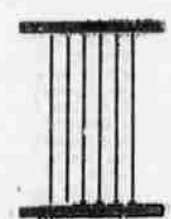

Tell your grocer to send plenty of Superfine Bread—the best of pure goodness.
