## DEAN HICKS TO ACT AS BISHOP

Eastern Oregon to Have Temporary Bishop to Replace Bishop Paddock who Will Resign.

THE DALLES, Aug. 23.—Dean Reginald T. Hicks of Portland has been placed temporarily in charge of the Episcopal parishes at the Dalles and Hood River, according to a telegram received this morning by local Episcopalians from Bishop Robert L. Paddock in New York. Dean Hicks is expected to conduct the services here next Sunday. Archbishop Van Waters is making the arrangements for Dean Hicks' work.

A number of conjectures have gained circulation since the receipt of the telegram, the chief of which is that Dean Hicks may be the next eastern Oregon bishop. A new rector for St. Paul's church here will be named at the Episcopal convention next month, it is expected. The local church has been without a rector since the resignation of Rev. George Hoisolt.

### RESOLUTIONS OF CONDOLENCE

Again in sorrow and mourning we bow our heads to the will of our Divine Master, who has taken from among us our dearly beloved sister, Mary Taylor, who has endeared herself to us all by her kind pleasant ways. Therefore be it resolved by Blue Mountain Grange that this Grange has lost a kind and loving sister and worthy officer. Be it further resolved that we extend our sincere sympathy to her bereaved family. That our Grange charter be drafted in mourning for thirty days. That a copy of these resolutions be placed in our minutes and a copy sent to her family.

## Society

Although a great number of La Grande society folk are still enjoying the beaches and mountains, this month's social calendar has been unusually full for mid-summer.

A quiet and impressive wedding took place at the home of Mrs. C. A. Mulkey Sunday, August 20, when her daughter, Miss Lula Mulkey and Mr. Marion Holman were united in marriage. Rev. O. W. After an hilarious charivari Monday evening in honor of the marriage of Miss Lula Mulkey and Marion Holman a party of about twelve friends went to the home of the bride's mother and spent an evening of dancing. ### Death This Morning Claimed Little Son

Deep sorrow was felt today in La Grande over the sad news of the death of the little infant son of Mr. and Mrs. Alfred Harding of Washington, D. C. The baby was born Sunday but death claimed him this morning. Mrs. Harding was formerly Miss Sarah Smith, one of La Grande's girls and her large circle of friends feel deeply the sadness which has overtaken her home.

### MONEY RATES REMAIN VERY MUCH THE SAME

(Continued from Page One.)

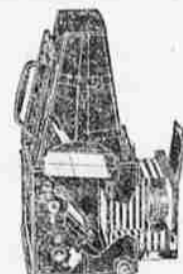

are now fewer unemployed workers in the United States than at any time since the beginning of the business recession of 1920, amply justify this expectation. The iron and steel industry is being increasingly affected by the difficulties arising from the coal and railroad strikes, but aside from the effects of the labor situation, the outlook for the industry on the basis of unfilled orders and other evidences of demand is for stable business to the close of the year. While no marked changes have occurred

in conditions in the various divisions of the textile industry, there has been a gradual recovery in New England from strike conditions. A slight improvement in demand for broad silks is in evidence. Operations in the boot and shoe industry and other sections of leather manufacturers are expanding. The automobile and tire industries have not as yet shown as much seasonal curtailment as was expected. The machine tool industry is about holding even and a steady although restricted distribution of agricultural implements continues. Demand is fair and a reasonable activity prevails in many special lines, such as electrical apparatus, household utilities and furniture.

### Money Rates.

Aside from temporary fluctuations money rates have shown no change during the last thirty days and may conditions prevail in all sections of the money market. Prime commercial paper rules at 4 to 4 1/2 per cent. There is only a very small amount of paper moving and with a few exceptions, buyers are disposed to insist on rates somewhat better than 4 per cent. Demand from country banks is especially poor, being even less than at the corresponding season a year ago. Banks in financial centers outside New York have been buying some paper, but most New York City banks have not been active purchasers.
