DISPOSAL OF SILK PROFITS

TOKIO, Aug. 2. (By Mail).—Considerable discussion is going on among those interested as to the way in which the profit of the Imperial Raw Silk company, is to be disposed of. It is estimated that when all the remaining stock has been sold and all the expenditures paid a net profit of something like 4,000,000 yen will be left awaiting disposal. Various suggestions are being put forward regarding its disposal but the one that meets most support appears to invest the money for the establishment of a raw silk warehouse which will be capable of at least 100,000 bales. A large part of the capital of the concern has been borrowed from the government at a nominal rate of interest. It will be necessary to receive its approval as regards the disposal of the profit. Should the concern as suggested be established most of its shares will be taken up by the present shareholders of the Imperial Raw Silk company and at the same time the Yokohama Silk Textile Warehouse company, with a paid-up capital of 475,000 yen will be bought up by the new concern. The accounts of the silk company will be made up during August.

The first annual picnic of the Pend Oreille Golfers' association was held Thursday, near Hope, on the site of Kallweid house, the first building post in Idaho, built by David Thompson in 1802.

REUNION OF THE 78TH DIVISION

(By Associated Press) WASHINGTON, Aug. 25.—A roll has been issued by Lt. Col. A. o. L'Heureux, former adjutant, to all members of the 78th (Lightning) Division to attend the first annual reunion of the division in Atlantic City, September 30 and October 1.

The division, which was organized at Camp Dix, N. J., from national army men of New Jersey, New Jersey, Delaware, Illinois and the New England states, saw active service in the Toul Sector and in the St. Mihiel and Argonne offensives.

Major General James H. McKee, who commanded the division during the war, Colonel Charles D. Herzon, chief of staff, and Lt. Col. Walt C. Johnson and Major James L. Frick, assistant chiefs of staff with the division during the war, will be among those attending the reunion. It was announced.

LEGAL RULING ON BONUS

SALEM, Ore., Aug. 25.—If fire destroys a building on a premises mortgaged by an ex-service man as security in obtaining a loan from the state under the bonus and loan act, the aid commission has a right to require that the fire insurance returns be used in the construction of a building to take the place of the one destroyed, according to an opinion of Attorney General Van Winkle.

FIVE THOUSAND CARS ILL

PRESNO, Cal., Aug. 25.—Five thousand refrigerator cars, accumulated on the Santa Fe tracks and claimed by shippers to be sufficient for the next thirty day demands of San Joaquin valley fruit shippers, are being withheld from immediate service because of a disagreement between the Southern Pacific and Santa Fe over revenue terms, according to Al E. Souderland, chairman of a local shippers' and growers' committee.

Mushroom Radio Companies Fill Country and Ask for Selling Rights

SALEM, Aug. 25.—Mushroom radio factories are deluging the mails with their circulars according to the state corporation department here, and Oregon is receiving its full share of their literature. The corporation department here says these concerns are following the lead of the spurious oil organizations in using the mails to sell their stock and are out of reach of any state law.

The "stockholder dealer" method is being put over at the present time. Under this method the person receiving the circular is offered a share of stock and an agency, with liberal returns promised on his stock.

A circular that came into the hands of the department today informs the prospective purchaser that he will be allowed only one share; this to be 8 per cent participating preferred, at par \$100. This is added:

"We can only wait ten days for your subscription, and check or money order to reach us. If you cannot accept, we must select some one else for this opportunity."

Persons receiving the circulars are informed that if they buy a share at \$100 minus 2 per cent discount, the company wants to help them make \$500 to \$1000 this season.

SMALL TRUNKS CARRY MONEY

(By Associated Press) MOSCOW, Aug. 2. (By Mail).—Americans contemplating visits to Russia should bring with them suitcases of ample proportions in which to carry their money, for ordinary pocket books have long since ceased to be adequate for carrying the huge quantities of paper currency that one is required to have in order to exist. The following menu from one of Moscow's leading restaurants indicates that one can dine well for 25,000,000 or 30,000,000 rubles.

Beefsteak 5,000,000 rubles; soup 2,500,000 rubles; cauliflower 5,000,000 rubles; strawberries 4,000,000 rubles; potatoes 3,500,000 rubles; ham (two slices) 1,000,000 rubles; chops 6,000,000 rubles; coffee 1,250,000 rubles.

SOVIET CANCELS ENGINE ORDERS

(By Associated Press) STOCKHOLM, Aug. 2. (By Mail).—After having ordered 1000 locomotives from an engineering firm here and having received 300 of them, the Russian government has intimated that it is now unable to pay.

When the contract was made it was agreed that the engines were to be paid for as they were delivered, and the manufacturers obtained a guarantee for their money.

It is now considered probable that the Soviet government will cancel the balance of the order, and that the present financial state of Russia and the failure of the Genoa and Hague conferences is responsible.
