 Getting well goes faster by far with a Brunswick to help pass the tedious hours. And while it amuses it trains the ear to an appreciation of true tones. Musicians recommend The Brunswick to aid in the musical education of children. Brunswick Records are also unique in the artistic beauty of their interpretation. A Brunswick, on a Brunswick—this is the height of musical achievement.

GRID PROSPECTS ARE PROMISING

Football followers in La Grande are beginning to prepare for a first-class season. With "Skeet" Reynolds at the grid helm and with a number of lettermen coming back to square everything points to the formation of a team that will have a wonderful chance to win the Eastern Oregon championship. Twelve days from today the first call for practice will be rung to the witals and an enthusiastic bunch of material is sure to respond.

"Skeet" Hopeful.
 "We are going to have a football team this year that will do something," Reynolds remarked recently. "Although I have not seen all the fellows I am convinced that I have the material to build an eleven that will be much better than the team I coached at Baker last year. Hardly any men do not worry me in the line and if I can find a couple of tackles and a center to be sure of a strong line, then I will be satisfied."
 Six or seven aspirants for the position of quarterback are assured and backs are battling in numbers to guarantee a well-working back field. The spirit shown among the applicants for football glory is keen and Reynolds has the faculty of keeping the team together.
 "Skeet" Has Good Record.
 The showing made by Reynolds last year at Baker gives full assurance that he is a coach of much ability. Taking a team that was not given much chance of a good showing, he molded an organization that led only to Pendleton. A score of 31 to 12 in the Baker game fully demonstrated their scoring ability. As will be remembered, Baker won from La Grande last year 21 to 9.
 Schedule Uncertain.
 The 1922 schedule has not been completed yet and a tentative schedule has not been released. Games will probably be arranged with Pendleton, Baker, Walltown, Elsie, Enterprise, Union and Prairie City. Negotiations for another game or two are under way.

stood to be in progress. It is expected that the schedule will be completed and released about September 15th.

The Origin of Salt.
 The geologist Suess holds the source of the sea salt was volcanic eruptions, when the earth's crust was beginning to harden. Eruptions, he says, give forth gaseous compounds containing chlorine, which is brought down by rain.
