## You Save Big Repair Costs by painting now

YOU can't escape. Either you paint your home when it needs it or you spend from five to ten times as much rebuilding what has rotted away for lack of paint protection.  
 Painting costs so little compared to the service of saving it renders, that failure to paint is utter extravagance.  
 Painting is economy and an additional economy is found in using the best paint. It spreads easily—saves labor cost. It covers more area per gallon than "cheap" paint.  
 But most important, the best paint serves five or more years longer than "cheap" paint. It assures better results at a lower cost in the long run.  
 We have been making the best paints for 73 years—to meet the weather conditions in the West. The best materials—PIONEER

**WHITE LEAD**, pure linseed oil, pure zinc, and pure colors—are combined in Fuller's Paints in scientifically exact proportions with long-time skill.

**Free Advice on Painting**  
 Ask our agent for advice, color cards, etc.  
 Ask the Fuller Specification Department about the most desirable color schemes, color harmony and any other details.  
 Take advantage of Fuller House Paints. Paint now. Don't let weather depreciate your investment.

## I am Proud to Sell Lehigh Cement

I LOOK at my work here as more than that of a salesman of cement. Houses, roadways, and other developments, artistic and useful, fire-proof, safe, and permanent, are being constantly built with the Lehigh Cement which I sell. Each such improvement is an everlasting one.  
 Every one of these improvements does its share in advancing the beauty and welfare of our community.  
 Thus I feel my efforts are playing their part in making our neighborhood a better place in which to live.
