BAY HORSE MINE SHIPPING ORE

BAKED, Sept. 14.—K. H. Blosser, secretary-treasurer of the U. S. Metals company of Spokane, says that the Bay Horse mine in Siskiyou county was in the city yesterday on its return from a visit to the mine. Mr. Blosser says the Bay Horse is making regular shipments of these products and is very well to the eastward and this he thinks will be increased shortly when improvements under way are completed, one of which is a conveyor belt system installed. He says the best of the material for several weeks, day and night, was so intense that miners were unable to work at all. This condition is now over.
