When You Have a Cough or Lose Weight and Appetite
Take This Advice

Fresno, Calif.—After an attack of scarlet fever I was in a week, almost, condition. My appetite was poor and I had no interest in anything. My friends did not expect me to live as with the weakness I had a bad cough. I had heard my parents speak of Dr. Pierce's medicine, so I got a bottle of the "Golden Medical Discovery" and began to take it. Before I had used all of the first bottle I knew it was doing me good, for I felt a desire for food, my cough ceased and I began to have color and to take an interest in life. I continued to take the Golden Medical Discovery till I felt strong and well. Today I am enjoying the best of health.—Mrs. Esther Wolfe, 2311 Tyler Ave.

As soon as you commence to take this "Discovery" you begin to feel the bracing, appetizing effect. Buy it of your druggist, in bottles of liquid, or Dr. Pierce's Pleasant Invalids' Syrup at 25¢ a bottle. It is sold everywhere from medical advice.

GREAT DEMAND FOR TANLAC DUE TO MERIT ALONE

It's What the People Say About It that Causes Orders for Nearly a Million Bottles in one Month—Big Seattle Druggists Elated.

The greatest test any medicine can undergo is the "repeat" sales it enjoys. Tanlac's phenomenal record has been possible because of the fact that men and women who buy one bottle invariably return for the second and recommend it to others because it has helped them.

It is easy to see that Tanlac now has the largest sale of any medicine of its kind does not begin to tell the story. No other preparation has ever approached the marvelous success of Tanlac, and in the eight years it has been on the market 10,000,000 bottles have been sold. Between June 15 and July 15 of this year orders were received for nearly one million bottles, and it is evident that dealers are still enthusiastic over the ever-increasing demand, by the tone of letter with orders.

Stewart and Holmes Drug Co., large wholesale druggists of Seattle, Wash., write as follows: "Tanalac is one of our most profitable proprietary items. We expect the demand now due will be disposed of by us rapidly. We are highly satisfied with our connection with your firm."

W. A. Hoyer and Co., large wholesale druggists of Denver, Colo., writing under date of July 17, state: "We are submitting today our order for the fourth carload of your goods since April 1. Taking into consideration local conditions this demand is not only exceptional but alone in the record of sales for proprietary articles in this section."

The tremendous popularity of Tanlac is the unquestioned and outstanding proof of its merit. No medicine of less superlative quality and effectiveness could possibly attain such a huge sales record nor gain as Tanlac has, the unqualified endorsement of thousands of well-known men and women in all parts of the continent who stand for the best in their communities.

Like all great successes, Tanlac has its imitators, and although there are over a hundred preparations on the market claiming similar therapeutical value, many copying the original Tanlac advertising, the popularity of this preparation continues to grow, and it is unquestionably the most talked-of medicine in the world today.

Tanalac is sold by all good druggists.—adv.
