Ancient Olympian Games.

For the first 50 years from 776 to 725 B. C. the Olympian games were merely a 300-yard foot race. Then came the Pentathlon—running, jumping, wrestling, discus throwing and javelin throwing. Next was added the Pancratium, a combination of boxing and wrestling. Later chariot races. Athletes were required to train ten months and spend one month before the contests at Olympia.

Old Structures in Bavaria.

There are houses still standing in Nuremberg, Bavaria, that were built in 1080.

Curious Arizona Cactus.

In the Rincon valley, 18 miles from Tucson, Ark., is a giant cactus, the summit of which has been so deformed as to make it an object of curiosity to visitors. The inhabitants of the valley are proud of their freak cactus and refuse to allow botanists to cut the head to determine the cause of the deformation. The botanists think it is due to the work of insects, but the country people believe that a stroke of lightning was the determining cause. This species of cactus, the *Cereus*, not infrequently develops strange forms. In this case the head has assumed the appearance of a gigantic cauliflower.

Grown to a Draw!

EVEN FRITZI RIDGEWAY can't decide the winner of this whisker growing contest. It was one of the most hair-raising contests staged in Hollywood in a long time, but it came to an end with the completion of the filming of "The Old Homestead" at the Paramount studios. The brush on the left is worn by T. Roy Barnes, who is the role of "Happy Jack." Miss Ridgeway plays the part of "Ann."

League is Re-Organized.

At a reorganization meeting of the Elmer's League held last Sunday evening the following officers were elected: President, Audrey DeLay; 1st vice, Tama Crouser; 2nd vice, Marie Shaw; 3rd vice, Maxine Phyl; 4th vice, Miss Taylor; Secretary, Frances Kent; Treasurer, Della Blanker; Executive, Marion Phyl; organist, Blanche Hough. George Gignac is holding an addition to his home in south Union.

Football Schedule.

Following is Union high school's football schedule as it appeared in the Republican last Friday:
Oct. 7, Baker at Union; 14, Joseph at Union; 21, Wallawa at Wallawa; 28, Enterprise at Enterprise; Nov. 4, Halfway at Union; 11, Imbler at La Grande; 18, La Grande at Union; last game, Elgin at Union, date not set. The games with Baker, Wallawa and La Grande will be double headers, the second games paying preliminary games before the main events. The boys are showing up speedy in practice and coach Marand hopes to make Eastern Oregon sit up and take notice before the season is over.

High School Gym.

One of the topics of discussion at the Commercial Club meeting last Monday evening was the proposition of a high school gymnasium. The club has to solve the problem of a suitable building to house the stockmen's convention, which will be held here during the next stock show week, and they are planning to co-operate with the school in swinging the gym, which would be large enough to accommodate the visiting stockmen. Owing to the high taxes and the retrenchment policy at the schools, the funds would have to be secured without any help from the school board. There is, however, nearly one thousand dollars in a gym fund and it is much more can be secured by donation, or in some similar way, the annual training department, under the direction of Mr. Haxler, who is an experienced carpenter, could do most of the labor. The proposition is being considered and probably a way will be found to secure the building.

Union's City Politics Begin to Boil — High School T to Boil; High School Gymnasium is Discussed.

(Special to The Observer)
UNION, Oct. 3.—Garland Ross, W. V. Connor and Clifford Johnson were among the Union people who witnessed the La Grande-Imbler football game Saturday.

Troy Chastain and family motored to Elgin Saturday and took in the county fair.

Mr. and Mrs. Joe Spencer and Mr. and Mrs. Eugene Hunter went to Elgin Saturday to attend the county fair.

Mr. and Mrs. Garland Ross are celebrating the arrival of a son at their home last Friday. Master Victor Donald and his mother are getting along nicely.

Beginning today, the high school and the three upper grade rooms will start school at seven and dismiss at twelve for a week or two in order to permit the children to work in the grove orchards.

The city water supply is much improved since work was done at the intake up Catherine Creek a few days ago.

All Want Street Job.

Street commissioners seem to be the coveted office of those to be filled at the city election next month. So far six candidates are lined up for this position. Those who have announced their candidacies are: R. C. Gates, W. W. Stevens, Geo. W. Wright, E. P. Gortman, T. A. Chinn and the present incumbent, Charles E. Sherman. Alex Slater, who asks that the voters present him with the position of city marshal again, is being opposed for this office by C. N. Blacker. In regard to the other offices there seems to be very little enthusiasm among

Baking Powder

that's the big thing in successful baking

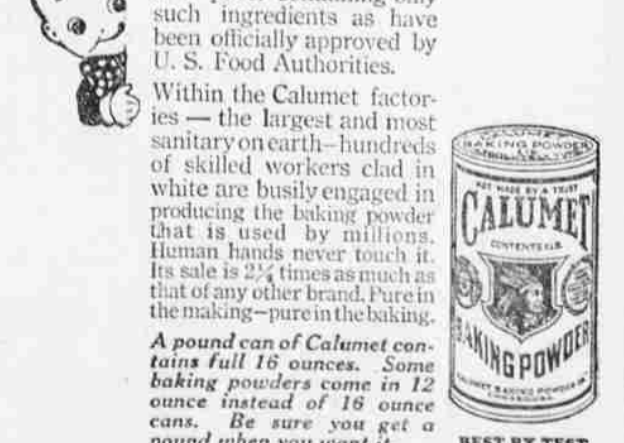

It determines failure or success in baking, more than any other ingredient.

If you do not always have satisfactory bakings, change to Calumet for just one trial.

It is pure; containing only such ingredients as have been officially approved by U. S. Food Authorities.

Within the Calumet factories—the largest and most sanitary on earth—hundreds of skilled workers clad in white are busily engaged in producing the baking powder that is used by millions. Human hands never touch it. Its sale is 2 1/2 times as much as that of any other brand. Pure in the making—pure in the baking.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.
