Are your Baking Always Uniform?

The very first time you use Calumet your baking will be perfectly raised, sweet and wholesome. And you can expect un-failing uniformity just as long as you continue to use it, because

CALUMET
The Economy BAKING POWDER

Never varies. The can you buy to-day holds the same quality and leavening strength as the first can that was made thirty-five years ago. In every can the last spoonful is as good as the first.

There is no substitute for Calumet—nothing "just as good." Its sale is 2 1/2 times as much as that of any other brand.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.
