The student body is conferring a pep contest this year among the different classes. In any contest designated by the student officers the class getting first place will get five points, second place three points, third place two points and fourth place one point.

The first fire drill of the year was held Monday, October 9. Several minutes elapsed before all the students had vacated the school house.

A pep assembly was called on Wednesday, October 11. The Glee Club sang two very pretty selections, after which Miss Schilke, music supervisor, taught the students a good, live song.

One topic which has received much discussion this week in the English classes was "Fire Prevention." This being Fire Prevention Week, the subject was taken up in English and many interesting talks were given on it.

A few suggestions to prevent fires: Clean up all trash around yards and streets. Be careful with matches, cigarettes and cigars. Every one look around your own home to see how many "fire traps" you can find and get rid of.

Every one was more than delighted when they were told last Friday that Monday and Tuesday of this week would be set aside for examinations.

Practices have now started on the opera which will be given later on. Everyone is very much enthused in it and practices are going off in fine shape.

An assembly was called Tuesday morning for the girls to remind them of their A. G. S. dues, that are waiting to be paid. There is to be some kind of an affair in the near future, which only those who have paid their dues can attend. Get busy girls! Pay them! You will miss something good if you don't.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the musky mixture at home. All drug stores sell the ready-to-use product improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive.

CONGRESSMAN TITLE TABU

(By the Associated Press) WASHINGTON, Oct. 9.—Any high school student, standing on his constitutional rights, is reminded that the next time Representative McVann-Gongley, of the 12th district of Delaware, for example, is introduced by the teacher at the Friday night speaking series—which preceded the refreshments—as Congressman McVann-Gongley, he may rise and declare there is no such dignity.

Digging through the musty records, William T. Page, clerk of the House of Representatives, has found—and printed in a little hand book—that there is no official sanction for the title. The constitution, says Mr. Page, sanctions the use of the words "representative" and "members," as designating those persons composing the house.

But, like other words which have crept into use since Noah Webster's day, congressman takes its place, and the average representative, over the telephone or to your face—if you don't know him—will say he is congressman So and So. Some cabinet officers at house committee hearings, who don't happen to know the representatives by name, meet the occasion by saying "congressman." The reader method around the house these days, a man wants to keep within the constitution, is to address a member as "honorable." It hits the right spot, and he smiles graciously—like the tall colonel of Kentucky.

JAPANESES ARE WEARING COTTON

(By Associated Press) TOKYO, Oct. 11.—Japanese women, who, like their husbands, learned extravagant habits during the war and were among the best supporters of the silk merchants, are returning to cotton clothing, according to Tokio shopkeepers. Last year it was not uncommon for a woman to pay 1000 yen for an obi, the broad sash worn around the waist, while sales of dresses at 10,000 yen were quite ordinary.

"But, this year," said one store superintendent, "the public demand is shifting from silk to cotton; leather to papers, and from furs to practical goods."

A TALK WITH A LA GRANDE MAN

Mr. D. D. Burger, of 1602 Washington Avenue, Tells of An Interesting Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a La Grande man.

"I gladly recommend Doan's Kidney Pills as a great kidney remedy for I know they will do what is claimed for them," says Mr. Burger. "My kidneys were in bad condition and I had severe backaches and at times I could hardly bend. My kidneys acted irregularly, too, so I used Doan's Kidney Pills from Silverthorn's Drug Store and they soon had me free from the aches and pains and put my kidneys in good shape."

Price 40c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mr. Burger had. Foster-McMurray Co., Mfgs. Buffalo, N. Y.
