GRANGE FAIR IS NOW OVER,

(Special to The Observer)
GRANGE HALL, Oct. 12.—After two days of enjoyment Saturday afternoon closed the Blue Mountain Grange Fair, which again demonstrated that the people of this highly progressive locality have much to tell their neighbors about the variety and quality of their agricultural products. While the attendance was not quite so good as it was last year, due to the fact that the fair this year was held while last year it was a county grange affair, although Medical Surgeon North Powder and Wallawa county granges such sent excellent exhibits. There were also fine exhibits from Elgin and Tulelake.

"THE 'YOU KNOW HOW' IS GIVE

"His Back Against the Wall"

"You low-down, miserable, lyin' little skunk—tryin' to get hold of Old Man Welling's money—and carryin' on with Welling's girl!"

And then something happened in little Jerry Dice that changed him from a craven coward to a raging, shooting terror! With his back against the wall, he showed the world that heroes are not born but made.

To Fight Again

Steady, heroic British war hero, wounded thrice in the World War, today is on a transport bound for the Near East, where about take part in military activity on the British-Turkish front.

Display of poisonous and non-poisonous plants, as well as views of the Anthony Lake region. The Anthony Lakes lie west of North Powder, just at the border line between Union and Baker counties within the government reserve. Mr. Angel, who has charge of the government work in the reserve, states that a fine mountainous road leads from North Powder to these lakes, which are becoming quite popular for summer homes.

The display of flowers from the W. O. Sheewood farm was deserving of much attention and admiration.

The children's work received the usual close attention, as also did the display of games, grasses, fruits and vegetables and poultry. The range work department demonstrated that the country's milk has time for something more than "water the old hen and stuff" the feed man.

H. G. Avery, county agriculturalist, judged the agricultural and poultry exhibits, while Mrs. McComb, of the O. A. U. Extension department, judged the domestic and fancy work exhibits.

Sports formed part of the afternoon entertainments, both Friday and Saturday. In the nail-driving contest Saturday afternoon, Mrs. C. H. Hopple won first prize and Clara Conner took second.

In the women's running race, Clara Conner won first and Mrs. Geo. Hughes, second. In the girls' race Virgil Wilkinson won first and Juanita Spencer second. In the boys' race Claude Anson and Wm. Beck took first and second.

At 7:00 o'clock the following program was put on: Song, Blue Mountain Grange Chorus, followed by an address by Robert W. Wyckoff, of the Union Experimental Station, in which he dwelt upon the loyalty of the community.

Dr. Dennis, whose heart beats are with the farmer, also made a speech that his listeners enjoyed very much. Mr. Dennis ended his talk by saying, "It is time for the farmer to put his preparations before the people and it is time for the farmer to get together and close the gap that lies between the producer and the consumer."

Mrs. Clarence Redhead gave a clever reading, Mrs. Len Reynolds played a solo on the piano, Chas. and Anita Manning sang two duets, and did musical exercises and vocal exercises, all of which are appreciated by the audience.

After the program Mr. and Mrs. Adam Beck's large exhibit of garden produce was sold at auction the money going to the grange.

C. J. Beck of the Black Hill Estate's sheep took the sheep fair exhibit to place on display in his office in La Grande.

Do You Feel Like an Old Young Man?

Do You Know That Without Vitamins and Iron You Would Be Dead? Ironized Yeast Builds Amazing Power!

The man with a punch is the man with many vitamins and much iron. The man of dynamic energy and baby nerve is the man with few vitamins and mighty little iron. Ironized Yeast gives you both. It is not a mere mixture of yeast and iron.

See That Nerve-Powered First Get Nerve-Power from Ironized Yeast!

but is yeast ironized, which is a substance all by itself. This gives back, restored to the body, materials you have lost, and which you need to have when you were romping around in your home. Ironized Yeast contains for the reason, the greatest source of brain, nerve and tissue energy. It gives you power plus quick! It does this in the usual time. No matter how old you are now, you can get a young man's iron, and a young man's vitamins. Woman's vitamins. These two things are the basis of human strength, human charm. They mean to you, success—mental and business. There is only one Ironized Yeast in the world. Be sure that you get it, and beware of substitutes. Sold at all drug stores at \$1.00 a package. Each package contains 30 tablets, each tablet is sealed. They never lose their power. The reason, Ironized Yeast Co., Atlanta, Ga. Get the "brand" that comes from Ironized Yeast!

A CLASSIFIED AD WILL DO IT

Efficient Vision Your Greatest Asset

THE strenuous demands of this age require the possession of every physical faculty in its most efficient state that we may be enabled to wage our contest of life at the greatest possible advantage. But nothing puts a man or woman at such a great disadvantage as a partial or total loss of visual powers.

There is, perhaps, no catastrophe which evokes more pity, or is looked upon with more dread than blindness, yet people give less attention to the care of their eyes than to the care of their teeth. The local ache in a tooth will make most of us scurry to a dentist, but we will suffer headaches for months and allow our working efficiency to become lower and lower because of defective vision without attempting to seek relief.

Few eyes are absolutely normal and the majority of people, regardless of age, actually need glasses. The need of glasses is many times multiplied because of the character of employment. The day of that old idea that age alone brings a need for spectacles or eyeglasses, has long ago vanished, with other errors of like nature. Glasses are needed the moment the natural powers of the eye do not permit it to function properly for all distances.

Our equipment and methods are the most modern.
