

COVE SOCIAL NEWS ITEMS

(Special to The Observer)
 COVE, Oct. 12—Mr. and Mrs. Lew Bloom, who have been visiting in Southern Oregon for the past two weeks, are home again after a pleasant stay among friends and relatives.

G. A. Stock of Portland was looking up old friends in Cove Saturday. He will spend a couple of weeks rambling in the Inland country before returning home.

Rev. C. N. Duffus, General Missionary, held services at the Episcopal church Wednesday evening.

Mrs. T. M. Kautner of Hood River, Grand Worthy Matron of the Eastern Star, was in Cove October 11.

Best Earl, editor of Cove Day, who has been living in Esterville, has gone to Hood River.

Mr. and Mrs. H. D. Antles of Yakima, are spending a week with their parents, Mr. and Mrs. A. A. Antles, in Cove. Mr. and Mrs. Antles were both teachers in the Cove school previous to their marriage and lived in our midst several years after. They have many warm friends to welcome them back.

School closed on Tuesday for the Teachers' Institute at Baker. Several of the teachers live in Baker and left for that city on Tuesday afternoon. The remainder of the faculty, J. R. Price, accompanied by Mrs. Price, and Mrs. Alice Mills, left for Baker on Wednesday morning.

The school of horticulture conducted by Miss Betty B. Cooley of the extension department of O. A. C., was a great success in Cove. Miss Cooley is a young lady of charming personality and marked ability as a teacher. The school is attended by about twenty-five women and girls and the lady made due credit to the pupils and showed the skill of the instructor in every instance and there was a marked saving over bills purchased at a regular millinery shop.

Miss Cooley is conducting schools all over the state, having been in Elgin and Tuleton in this vicinity before coming to Cove. If the people better understood the real worth of this department of extension work they

halls of learning would be crowded to overflowing.

Mrs. Ray Dunsmuir, who is teaching at Union, came home for the weekend.

Mrs. Glen Lincoln is contemplating from her recent automobile accident. Apple picking has begun in Cove and many of the Cove people have gone to Tuleton to pick apples.

A party of ladies drove down from Baker on Tuesday afternoon for three of our teachers, Mrs. Juanita Smith, Mrs. Helen Sheppard and Miss Helen Daugherty. The party consisted of Mrs. Smith, Mrs. Clark, Mrs. Edwards, Miss Rose Smith, Mrs. W. Douchette and Mrs. Kirkpatrick.

Mrs. H. E. Hickey was a La Grande visitor on Saturday.

DEER KEEPING BACK IN HILLS

(Special to The Observer)
 THE PARK, Oct. 12—Mrs. Will Vanorder returned from North Powder, after settling a law suit she had

with the Haller Brothers, receiving a judgment giving back her car. She was awarded a Mitchell car instead of the Chevrolet she had sold. In the transaction she gained a much better car with better equipment. The car will be overhauled by the Oregon Tread Garage at Union, where it will be for sale, it is reported.

Al Stensdahl was busy collecting seed of pasture for the Scott Timber and Lumber Co., being owner of nearly all the pasture land outside of the forest reserve. Mr. Stensdahl is the company's agent.

George Methow will cut his winter wood on the Hill ranch. It is an ideal place for wood being easy of access as well as level.

Lew Ward has accepted a position rounding up the cattle for the Stock Association, helping Marvin Wood, the man rider. They have taken camp outfit up to the Big Meadows, where

they will ride for a week or so. Jack Haley was up at the head of Elk creek hunting deer, returning by the Little Meadows to his home on the old Steyer place.

Mr. Richardson, an ex-soldier, is stopping with Jack Haley on a recuperating vacation.

J. H. Haslam, school teacher, is gone to the teacher's institute.

Guy McNair is hauling grain from Charles Vanorder's place.

W. M. Rollins, a carpenter from La Grande, was up hunting deer on the ridge between Buck creek and the north side of the North Park. He reports some signs but no game.

John Bates was up Catherine creek hunting. He reports that the most signs he saw were up at the head of the Little Missouri, where the tracks were as thick as sheep tracks.

Clarence Vanorder bought a load of pigs from Guy McNair.

The telephone was cut out for a day or two between The Park and Union. The line was down, but it has been repaired and communication resumed normally.

The deer are very much scattered throughout the woods, due to the activities of the riders seen around after cattle. The best time for deer hunting is in the latter part of the month, as the cattle are pretty well out of the mountains by that time. Then deer begin to come back to their original winter homes.

Several deer have been seen around the Black Pine Springs at the head of Elk Creek.

R. A. Hunter was down from North

Powder to the docks at Union Saturday night.

The threshing machine run by Bert Van is about to take its winter's rest, having threshed the Park grain on his return from the Big Creek country and Baker valley.

John B. Hunter was met on the road with a box of prunes from the Hill ranch. His daughter, Ida, had sent him the fruit from the Woods place in Union.

Moon Opens Philippine Plants.
 The light of the moon when it beams down strongly in the Philippines will cause the leafy bits of various legumes to open and spread out nearly as much as they do during the day sunshine. F. C. Gates of the Kansas State Agricultural college told the Ecological society at Toronto. At twilight the leaflets normally fold up for the night.—Science Service.

LADIES! DARKEN YOUR GRAY HAIR
 Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wynell's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

ALASKA FURS
 JUST RECEIVED
 A fine line of ready-to-wear Alaska furs which I will sell for a very reasonable price. You are all welcome to come and see them. I also buy all kinds of raw furs and will pay best prices.

MRS. A. E. LAWRENCE
PAIN IN YOUR SIDE?
 Read What Mrs. Lawrence Says

East Oakland, Cal.—"I have used Dr. Pierce's Favorite Prescription at different times for over twenty-five years, and it has never failed me. One time I took it when troubled with inflammation and it soon cured me. At another time I took it for severe pains in my right side; this time I was troubled with indigestion and my bowels were constipated, and the 'Favorite Prescription' again helped me out so I was soon well and strong. I can always depend on this remedy."
 —Mrs. A. E. Lawrence, 1241 15th Ave.

If you too need relief go to your nearest druggist and obtain this "Prescription" of Dr. Pierce's in either tablet or liquid form. Write Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for free medical advice or send 10c for trial pkg.

BEST
 For a Generation

American housewives are using Calumet Baking Powder today with the same success that their mothers experienced over a third of a century ago. This perpetual growth of favor has made

CALUMET
 The Economy BAKING POWDER

—sales over 150% greater than that of any other brand.

There isn't a baking powder of greater merit—there isn't a leavener obtainable that will produce more satisfactory or positive results. That's why the largest baking powder factories in the world are always busy turning out enough Calumet to supply the great demand.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

THE WORLD'S GREATEST BAKING POWDER

When Your Range Wears Out—Consider Why

Is it broken?
 Is it rusted out?
 Has it grown so wasteful of fuel and generally unsatisfactory that you have to discard it?
 Or, is it getting to look so badly that you just want a new one?
 No matter what your experience has been, note this:
 Whatever is the reason for discarding your old range—that thing cannot possibly happen to the Monarch.

The Monarch is made of malleable iron that cannot break.
 The Monarch is protected against rusting out by its Vitriolized Flues.
 The Monarch's riveted joints stay tight forever so that it gives the same satisfactory and economical service after years of use as when new.
 The Monarch is easy to keep clean and looking like new for many, many years.

Come and let us tell you all about this wonderful range. Our prices are most attractive—investigate them now.
