Soul Also Needs Food.

It is not wasted time to yield to the influences that uplift and ennoble the spirit as we pass through our busy days. The moment's pause to view the beautiful sunset, to catch the strain of music that floats through the open window, to read the inspiring sentence on the printed page—these should be an essential part of the day's program, for the soul needs food as well as the body, and its neglect is never economy.

ALL PRAISE THE GREAT PICTURE
"Smile Through" with Norma Talma as the star has proven to be one of the greatest pictures the Arcade theatre has ever shown since its doors were thrown open to the public in La Grande.
Tonight in the last night and the general sentiment among those who have witnessed the play at the prior performances is that it is a masterpiece, properly founded on basic sentiment that love should predominate in everyone's character and that hate is a thing to be discarded in order that the human race may enjoy the best there is in the world. Good houses have greeted the picture and from the pulpit to the press the endorsement is being given that every person should see this film tonight who has not seen it before. Miss Talma's laced adds to the program by singing "Smile Through" just before the picture is shown.
