WM. FOX "MONTE CRISTO" A SOUL STIRRING FILM

Dumas Immortal Tale Makes Deep Impression on Motion Picture Audiences.

Three generations have their memories stirred at the very mention of "Monte Cristo." Grandparents, fathers and mothers, and children together build a vivid mind image at the name of this stage classic and novel—the melodrama that has played upon the emotions of countless audiences, the story that is the very pillar of romance. It is claimed that its plot has wrung more expectation, anxiety and suspense from the follow-up, and brought more satisfaction with its solution than perhaps any of the other old successes that graced our times in days gone by. Though written nearly four score years ago by Alexander Dumas, the novel itself has had a lengthy triumph. Then in 1882, James O'Neill made his stage appearance in a dramatized version of "Monte Cristo" and for over twenty-five years he toured America in the same play.

They would follow the enormous expense involved in the construction of the "sets" and use of the costumes that must be furnished to the enormous cast. And finally the selection of a capable cast for the principals' roles. But it remained for William Fox to circumvent all these obstacles by the sole method possible and that was to start out and produce the photoplay by meeting all the aforementioned obstacles. It seemed as if he said, "Hang the expense and time, but let us produce a real motion picture classic that will never be forgotten." And from all appearances it seems as if his prophecy will come true. So it is that the children of this generation who have never viewed "Monte Cristo" upon the stage will now have the golden opportunity of seeing this immortal classic upon the silver screen where it is performed on a grander scale than ever attempted elsewhere.

William Fox presents "Monte Cristo" at the Arcade Theatre today, Tuesday and Wednesday.

**MAE MURRAY and RUDOLPH VALENTINO at SHERRY'S LAST DAY.**

Her idea of a good time was to go driving with the butcher boy in his delivery truck. She had joy-riden in this manner for many months and expected to for many more, but just then fate stepped in and made the toment beauty the toast of New York.

How this tempest blot met the situation makes a highly interesting film play called "The Delicious Little Devil." Miss Mae Murray is the bright star who plays the role of Molly McGuire, the former sweetheart of the butcher boy. She brings to the role all the charm and vivacity that has made her one of the most popular players in the country.

Included in the excellent supporting cast is Rudolph Valentino, the swanee idol of the country. Valentino plays the part of a young man about town who falls madly in love with Molly when she becomes the bright cafe flame around which the numerous moth swarm. "The Delicious Little Devil" is one of those human little stories that holds your interest from the start. Molly is a character that you will cry with, laugh with, and love with. Miss Murray, by virtue of her training with the Ziegfeld Folies, plays the part of a dancer better than anyone else on the screen.

Comedy, "Stars and Stripes."

Odd and Curious Notes in Daily Press Everywhere.

(By the Associated Press)

WASHINGTON, Oct. 15.—Swiss insurance companies have increased their rates on women risks as much as 15 per cent. The reason given is that short skirts, high heels, and low necks increase the likelihood of a woman falling and hurting herself or catching pneumonia.

Michigan had a law which prohibited an unnaturalized citizen from possessing firearms. The state supreme court said it was unconstitutional on the ground that it was not right to give a skunk a stronger weapon against its enemy.

# SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. Brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

# Putting Her at Ease

We were being entertained at dinner at the home of a friend who had prepared a most delectable meal. Her dessert had failed and she had substituted prune whip for which she made apology.

I said: "There is nothing we like better—whenever I haven't much to eat for a meal I serve prune whip and our family think they had a fine dinner."—Chicago Tribune.

**Heroic Measures.**

"You and your husband go away every summer, don't you?" "Yes, but I dislike doing it." "Then why do you go?" "I have to have Tom live in a stuffy hotel for a few weeks every year to make him appreciate the way I keep house."—Boston Transcript.
