

SODALITY GIRLS PRESENT FETE

The entertainment given last evening in the Eagles hall by the Sodality Girls of the Catholic church was a complete success. About one hundred were present and all reported a very delightful time. The proceeds of a silver offering will go to help furnish the living room in the new Catholic rectory.

The guests began arriving at about eight o'clock and from then on until ten o'clock bridge was played with Mrs. Reindora and Mr. Theison winning high honors.

Following the card session refreshments were served by the girls and dancing began immediately afterwards and lasted until midnight. The music was furnished by an all-star local orchestra.

HIGH SCHOOL GIRLS TO HELP

Forget-Me-Not Day, to assist all wounded or disabled American veterans of the World war, regardless of their affiliation or non-affiliation with veteran's organizations, will be held in La Grande on Saturday, November 4. The movement is being sponsored by the local American Legion and by the Ad club.

The funds will go to help national legislation, better hospitalization facilities, equitable rehabilitation, definite employment programme during completion of vocational training, and the handling of claims for all disabled men.

High school girls will carry the "forget-me-nots" in La Grande on the day set aside and they will be sold throughout the day.

TROJANS HOPE TO BEAT BEARS

"Gloomy Gus" Henderson Predicts Victory for Golden Bears by Four Touchdowns.

(By Associated Press.)
LOS ANGELES, Oct. 26.—The University of Southern California football team has trained hard all season with practically one object in view—the game against the University of California eleven in the new stadium of the Tournament of Roses association at Pasadena next Saturday, October 28.

The new stadium, which will be dedicated when the Bears and Trojans clash, will not be entirely finished but seats for 46,000 persons will be available and the heavy advance sale of tickets indicates that every seat will be occupied.

The Trojans have a number of other important games on their 1922 schedule but these contests hold but short lived interest among the Southern California fans.

"Beat California" has been the battle cry of the Trojans throughout the season. The Cardinal and Gold players have visions of the coming struggle constantly before them.

If you were to watch the Trojans go through a workout, this is what you would hear the players say: "It is that the way you would tackle Charley Erb. Let me demonstrate how to take 'Briek' Muller out of a play. You'll never block one of Archie Nesbit's punts if that's the way you're going to do."

Coach Elmer C. ("Gloomy Gus") Henderson predicts a 28-0 defeat for his Trojans. However, there are those who believe the Trojans stronger and the Bears a trifle weaker than the squads of 1921 but the consensus of opinion is that the Golden Bear team will triumph.

Reunited

After four years' tireless search Mrs. Cattie A. Reed, Louisville, Ky., has found her three kidnapped children at Monroe, La. Here are Mrs. Reed and her son, Francis, 11. Mrs. Reed alleges the children were kidnaped by her husband from whom she was divorced.

by at least two touchdowns.

This will be the first Pacific Coast Conference football game for the Trojans.

Prunes.

Sixty-four years ago Louis Peller, French immigrant, took with him to California from his native country two prune cuttings. These he planted on his brother's ranch near San Jose, thus beginning the prune industry in California. Today California produces an annual prune crop of 225,000,000 pounds.

Woman and "Art."

"The average person's idea of art," says Welmer, "is a woman with no clothes on." But the first artful woman put clothes on herself.—Virginia Pilot.

TIJUANA TRACK WILL BE HUGE

SAN DIEGO, Oct. 26.—Ground will be broken November 30 at Tijuana, just across the Mexican line south of here, for a million-dollar racing plant, to be erected by the Tijuana Jockey club, according to Jack Atkin, general manager of the organization.

The club, of which James Cofforth is president, wants to make the new plant the finest in the country, one that will not even be excelled in beauty and practicality by the famous course at Saratoga. One feature, showing the extent to which the owners are going, will be glass-enclosed sheds for exercising the horses during inclement weather.

Work on the new track will be continued during the winter and it is expected the plant will be ready for the 1923-24 season.

The present track at Tijuana is to be renovated before the opening of the 1922-23 season on November 30, the date on which ground for the new plant will be resurfaced. It will be made faster and the stables will be painted.

Atkin declared that the coming season will be the greatest Tijuana has had. Some of the biggest races in the country are to be sent to the track, the big purses, headed by the Cofforth Handicap, with \$50,000 added money, drawing many owners who never before have raced at Tijuana. Some of the best jockeys in the country will be seen here, Atkin added.

GERMAN WAR LOSSES BIG

(By Associated Press.)
BERLIN, Sept. 25. (By Mail).—With time at his command to make a careful investigation, and the disposition to delve into statistics, Dr. Christian Stegffried Tusch-Mittler, a German publicist, has announced

that a total of 12,000,000 of enemy merchant shipping was sunk by German submarines during the war. Of this aggregate, he says 14,300,000 tons went down during the unrestricted campaign beginning on February 1, 1917, including 12,500,000 tons in English ships.

Dr. Tusch-Mittler gives the total German shipping losses during the war as follows: One ship of the line, (the "Pommern," lost in the Skagerrak attack); seven armored cruisers, (of which the newest and largest was the "Luetow," of 25,000 tons and launched in 1913, also lost at the Skagerrak); 17 protected cruisers, ten gunboats, three special ships, two surviving vessels lost at Tsingtau, 48 large, 24 small

and 38 old torpedo boats of various sizes; 28 mine sweepers, 199 submarines, 17 auxiliary cruisers, 22 other auxiliary vessels, and more than 100 fishing steamers. In addition 30 naval balloons were lost, some through fire from land, some because of storms, and others on account of landings on enemy soil.

The sinkings at Scapa Flow are given as five large cruisers, ten ships of the line, five small cruisers, and 23 torpedo boats. Dr. Tusch-Mittler describes these sinkings as "a noble, self-chosen fate which atoned for the damage done the honor of the navy by the revolution and which manifested to the enemy the German defiance."

Efficient Vision Your Greatest Asset

THE strenuous demands of this age require the possession of every physical faculty in its most efficient state that we may be enabled to wage our contest of life at the greatest possible advantage. But nothing puts a man or woman at such a great disadvantage as a partial or total loss of visual powers.

There is, perhaps, no catastrophe which evokes more pity, or is looked upon with more dread than blindness, yet people give less attention to the care of their eyes than to the care of their teeth. The least ache in a tooth will make most of us scurry to a dentist, but we will suffer headaches for months and allow our working efficiency to become lower and lower because of defective vision without attempting to seek relief.

Few eyes are absolutely normal and the majority of people, regardless of age, actually need glasses. The need of glasses is many times multiplied because of the character of employment. The day of that old idea that age alone brings a need for spectacles or eyeglasses has long ago vanished, with other errors of like nature. Glasses are needed the moment the natural powers of the eye do not permit it to function properly for all distances.

Our equipment and methods are the most modern.

What education and common sense are doing for thousands

THOUSANDS of people are learning that they cannot drink coffee or tea at supper time and get a good night's sleep.

Experience has taught these men and women to recognize that the caffeine in both coffee and tea is often responsible for a wakeful, restless night, and a nervous "next day."

If you have reason to believe that coffee or tea is causing your headaches, insomnia or nervousness, why not drink rich, refreshing Postum instead.

Postum is the delicious golden-brown cereal beverage that many former coffee-drinkers prefer for its satisfying flavor alone.

Ask your grocer today for Postum and begin serving this delicious beverage at meal times—and see how well you like it.

Postum comes in two forms—Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages, for those who prefer to make the drink while the meal is being prepared) made by boiling fully twenty minutes.

"There's a Reason" for Postum
