HAPSBURG LAND IS BEING SOLD

Liquidation of the Hapsburg Holdings in Austria is Reported; Are Being Turned Into Cash.

(City Associated Press.)
VIENNA, Oct. 24. (City Mail).—The liquidation of the vast Hapsburg holdings in Austria, with the exception of the possessions considered private, will be completed shortly, and the final report is expected to show the disposal of properties valued at many millions of crowns. Most of the funds realized through the sale and the leasing of former court buildings will be used for the benefit of war invalids.

The large reduction in territory now under the government of Austria has greatly diminished the amount of space required for administration purposes, and many blocks of office buildings have been rented to private individuals. The possessions considered as private have been reduced to the minimum. Many personal presents made to former Emperor Francis Joseph, Emperor Elizabeth, and the late Emperor Karl by foreign monarchs, Austrian elites and communities, were included in the sale. A large number of costly vases, clocks, pictures and china, the Kaiser's personal effects, including his sword and cap, and works of art presented by the Emperors of China and Japan, were among the objects sold to foreigners, particularly Italians, who paid large amounts for their purchases.
