**First English Military Bands**  
The first military band was heard in England in 1785. Other regiments then formed bands of similar lines. The negroes continued to form part of the bands until the year 1828.

## Domestic Science Schools Use Calumet

Where baking is done scientifically—where ingredients stand or fall under exacting tests, you find Calumet Baking Powder used more often than any other brand.

—the choice of over hundreds of brands—the perfect leavener—pure—uniform.

Keep this in mind when you buy baking powder, because it is of vital importance to successful—dependable baking.

The purchase price of baking powder does not determine its economical merits—results tell the story.

That's why the sale of Calumet is 2 1/4 times as much as that of any other baking powder.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.
