During the afternoon the boys and girls were allowed to drink cider, while ever they became thirsty and at 4:30 Mrs. Gekeler, assisted by Mrs. Herman Gekeler and Mrs. Ernest Haggen served delicious cake and ice cream.

What Stevenson Thought of Music.
Robert Louis Stevenson said: "To make a home out of a household, given the raw material—to wit: a wife, children, a friend or two, and a house—two things are necessary. These are a good fire and good music. And inasmuch as we can do without the fire for half the year, I may say music is the one essential."

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Prepare this mixture, though, at home is easy and troublesome. At little cost you can buy at any drug store the ready-made preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application of two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.
