## HEAVY STORMS ARE SPREADING

### Middle States Have Had Rain and Snow Since Saturday—Coast Expects to Have High Winds.

(By Associated Press)  
SAN FRANCISCO, Nov. 7.—Heavy rain and snow driven by high winds in the middle west states have partially isolated some cities of that region from wire communication and slowed up trains. Whirlings of high winds have been noted all along the coast from Tacoma, Washington, to San Francisco. Snow and rain showed signs of ceasing in the middle west today after continuing since Saturday.

## Kaiser William and His New Bride Walk In the Castle Grounds

(By Associated Press)  
DORTMUND, Holland, Nov. 7.—William Hohenzollern walks solitary no longer, never continues around the castle grounds. Monday, with his new wife, arm in arm, he visited the great pavilion, where not long ago he made his proposal of marriage. Soon the bridal couple retired indoors, as it rained heavily, and later William saw his sister-in-law, Princess Ida of Stedberg, to the Amersfort station, while Frederick William, the youngest crown prince, took his new mother whom, however, he does not call mother, for a drive.

Her "Serene Highness," Ferdinand, as she is designated officially and by her husband, has not yet taken up the reins of the household, but those acquainted with her say she intends to assume full control immediately as a thrifty housewife.

### Boring Metals.

Brass, copper, iron, steel and other metals are easily drilled if you use oil or grease as a lubricant. Do not try to drill too rapidly, and when nearly through the metal go very slowly, as a drill may easily be broken by trying to turn it too rapidly as it pushes it self through the surface.

### Ants Have Homing Instinct.

Like bees, ants can find their way home from a distance. They evidently take impression by touch, sight or sense of smell of certain sign posts.

When Mrs. Grace McClellan, of Austin, Texas, scored 272 bull's-eye out of a possible 300 she became woman revolver champion of the Lone Star state. She is now attempting to put all of Annie's records into the discard.

### FEMALE POLITICS

Well, it soon will be over and then we shall see.  
For the good of the country, how men will agree.  
Some things we regret, that most anyone will,  
The "modeling," being that characters kill.  
But the thing that will cause us to fuss and to sob,  
Is a 2x4 man on an \$810 job.

We have troubles enough and to that we will swear,  
With water and managers, taxes unfair,  
Our salaries are small and our bills we must pay,  
On affairs we'll live before many a day.

But the worst thing of all in this whole grafting mob,  
Is the 2x4 man for the \$810 job.  
He rants and he raves and tells what he will do,  
He'll make earth a Paradise for me and you.

The funny we swallow this hot air of his,  
Just tell him to go to a place where he'll size,  
Just pin him to facts, search for truth in his knob,  
Darn a 2x4 man for an \$810 job.

The man that we want is a man who just knows,  
He's got to make good and that's nothing else goes,  
No swatted head ideas, no reforming post,  
A man who will do just his god-darned best,

Don't let propaganda your common sense job,  
Put an \$810 man on your \$810 job.

## Advertised for Baby Girl and One Was Soon Left on Step

SALEM, Nov. 7.—Mrs. Jean French of Salem advertised in a newspaper that she would like to adopt a baby girl.  
At 7:30 o'clock Saturday night someone rang the doorbell at the French home. When Mrs. French opened the door the only person in sight was a pretty baby girl of nine months lying on the door step. A note attached to the child's clothing said a couple who had adopted the child has separated and could no longer care for it. Mrs. French will adopt the child, whom she will name Zellfrances.

## FINE WAY TO FIND A TOWN

(By Associated Press)  
YAKIMA, Wash., Nov. 7.—So many motorists have passed through Union Gap, near here, without even knowing that there was a town in the vicinity, until they were halted into court on speeding charges, that a number of complaints have been made to the local commercial club by tourists, suggesting that some distinctive marking setting forth the presence of a town there should be posted.

## Take Salts to Flush Kidneys

Eat less meat if you feel Back-ache or have Bladder trouble.

Too much meat may form uric acid, which excites and overworks the kidneys in their efforts to filter it from the system. Big meat eaters can flush the kidneys occasionally to relieve them like they relieve the bowels, removing all the acids, waste and poison, else they may feel a dull misery in the kidney region, sharp pains in the back or side, headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad they have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging one to get up two or three times during the night.  
To help neutralize these irritating acids and flush off the body's uric acid waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is innocuous, harmless and makes a delightful effervescent lithia water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

## THESE THREE VITAL FACTS DETERMINE YOUR POWER AND ECONOMY

It's probably wear or inaccurate fit in the piston rings, pistons and valves which is responsible for the loss of power and waste of gas in your car. Power and economy really depend upon these vital units.  
All that many motors need to restore their maximum power and economy is Mequib-Norris Piston Rings. These are one to fit every pocketbook, but car owners who think more of performance economy and satisfaction than of initial cost find that the combination of Mequib-Norris Piston Rings for power and Super-V-Tuning for speed, all furnished in one unit, is the best investment. All Mequib-Norris Piston Rings are made of Everlast Steel.  
If the valve seats of your motor need re-grinding, you want a set of Mequib-Norris Valve Seats and Dies, as well as Mequib-Norris Rings. They are handled by the same repairmen, service stations and jobbers.  
Your motor can be made practically as good as new for a fraction of the cost of a new car if its three vital units are replaced with Mequib-Norris Products. Write us for booklet "To Have and to Hold Power," which explains the whole subject of motor wear and its correction.
