## SOCIETY

Society is experiencing a lull in the present week, due perhaps to Halloween having so recently passed, and having been celebrated by a large range of parties. The Elks' celebration caused a number of events to be postponed, and now that election news occupies everybody, no one scarcely has time to think of anything except who is going to be elected.

Mrs. A. F. Duryea, assisted by Mrs. Lynn Bohlenkamp, Mrs. Pickens and Mrs. Frank Jackson, will entertain the Missionary Society of the Presbyterian church at the home of Mrs. Duryea, 1594 N. Avenue Friday afternoon at 2:30. A business meeting is called for 2 p. m.

This evening at 8 o'clock in the basement of the Methodist church, the Young Women's Educational Auxiliary will be entertained by Mrs. Ira Aldrich, Mrs. Claude Cooper, Miss Effie Snider, and Miss Dona Smith acting as hostesses. The program will be musical in nature. The study of Indian songs and negro melodies will be a feature of the program.

The committee is anxious to have a good attendance of members and their friends.

The Kaffee Klatch will meet Friday afternoon at the Country club. Mrs. Geo. Cochran and Mrs. C. Eberhard will entertain.

**Ancient Greeks Took Gymnastics.**  
In every Greek city was established a gymnasium where crowds of young men exercised themselves naked. This institution was originally intended for those only who were in training for the Olympic games, but afterward it became part of the daily life. The Greeks went to the gymnasium with the same regularity as the Romans went to the bath.—Winwood Reade in "The Martyrdom of Man."

**A Late Housekeeper.**  
We have one bird that puts off the time of moulting until the end of June, the cedar bird, called waxwing, because a row of wing feathers upon either side are tipped with tiny bits of some material like red sealing wax.

Prices 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Shockley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

**Keeping Out the Cats.**  
The Leicester City bench yesterday decided that any person was legally entitled to place on his garden broken bottles to keep off dogs and cats. A summons for serious injury to a dog was dismissed.—Manchester (Eng.) Guardian.

**USE SULPHUR TO HEAL YOUR SKIN**  
Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even itchy, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

## THESE THREE VITAL FACTS DETERMINE YOUR POWER AND ECONOMY

It's probably wear or inaccurate fit in the piston rings, pistons and pins which is responsible for the loss of power and waste of gas in your car. Power and economy really depend upon three vital units.  
All that many motors need to restore their maximum power and economy is McQuay-Norris Piston Rings. There is also to fit every pocketbook, but our owners who think more of permanent economy and satisfaction than of initial cost find that the combination of Leak Proof Rings for power and depressed rings to prevent oil troubles is their best investment. All McQuay-Norris Piston Rings are made of Electro Metal.  
If the cylinders of your motor need re-ringing, you want a set of McQuay-Norris Wainwright Pistons and Pins, as well as McQuay-Norris Rings. They are built by the same craftsmen, service stocks and jobbers.  
Your motor can be made practically as good as new for a fraction of the cost of a new one if its three vital units are replaced with McQuay-Norris Products. Write us for booklet "To Have and to Hold Power," which explains the whole subject of motor wear and its correction.

## SHIPBUILDING IS ON DECLINE

Great Britain's Construction of Marine Vessels Continues on Downward.

LONDON, Oct. 26. (By Mail).—Lloyd's Register of shipbuilding returns for the quarter ended in the United Kingdom September, 1922, shows that merchant tonnage under construction in the United Kingdom

on September 30 amounted to 1,417,945 tons. This represents a reduction of about 302,000 tons as compared with the total at the end of the previous quarter.

The total, however, includes a considerable amount of tonnage (419,000 tons) on which work has been suspended for some time. Deducting this amount for purposes of comparison with figures for normal times, the merchant tonnage actually under construction in the United Kingdom amounted to 1,189,000 or 692,000 tons more than the present figures.

The total merchant tonnage now building abroad amounts to 1,985,511 tons, but includes about 250,000 tons upon which work has been

suspended, leaving about 829,000 tons actually under construction.

The tonnage building abroad is about 250,000 tons lower than the total building at the end of June last, the figures for the leading countries are: Italy, 216,114 tons; France, 197,965 tons; Holland, 177,324 tons; United States, 147,652 tons; and Japan 26,557 tons. These figures do not take into account the tonnage building in Germany and at Danzig, for which no returns are available, but it is estimated that the tonnage under construction in Germany at the present time is about 350,000 tons and at Danzig 40,000 tons.

**Cheerful Words.**  
For Many a La Grande Household.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of La Grande readers.

J. R. Shockley, 1594 1/2 N. Ave., La Grande, says: "Several years ago I had kidney trouble and suffered from a dull aching across the small of my back. When I stooped it was all I could do to straighten and my kidneys were irregular in action. A friend advised me to use Doan's Kidney Pills and I decided to try them. They soon fixed me up in good shape. The aches and pains left and my back was strong and
