THEATRES

CONSTANCE TALMADGE ONE OF ZIEGFELD'S BEAUTIES

Old Silas Meehan always had the habit of getting the wrong cue. Sometimes it didn't make much difference, but when he batted in on the amateur movies that his niece, Polly, with her ambitions and short experience, was staging he crabbled the show.

The story centers upon the girl who decides to decamp from the old homestead and emulate her thousands of sisters-of-the-gin-ham-gown in seeking fame in the city. The difference is that Polly actually manages to see Flo Ziegfeld and obtains a tryout for the Follies.

Quite dramatic in some of its action, the plot provides abundant comedy and gives the star an opportunity to display the talent for which she is best known. Kenneth Harlan makes a promising leading man and George Pavewett, noted character actor, contributes an excellent part.

"THE GALLOPING KID" LAST DAY AT SHERRY'S

When Nat Ross and his company of Universal players and cameramen decided to shoot Montezuma's famous castle in Arizona for the exteriors in some of the scenes in "The Galloping Kid," starring Hoot Gibson, they didn't know what they were up against.

But when Hoot Gibson's chestnut mare, "Baby," started a landslide and broke two of her legs, necessitating her being shot, there was a realization why the place had never been filmed before. The huge adobe castle is a crumbling mass.

Despite the dangerous setting he had to work with, Hoot Gibson is said to do the best work of his motion picture career in "The Galloping Kid," his latest Universal starring vehicle.

Playing opposite the star in the leading feminine role is Edna Murphy, the versatile little Universal player who has scored so successfully in other Gibson vehicles.

Also showing "Twin Husbands," with the Carter DeHavens.

in the human body if you will use Trunk's Prescription. It is ridiculous and preposterous, in fact, a pity to suffer with inflammatory, muscular, sciatic or any form of Rheumatism.

RUSSIANS LIKE YANKEE MILK

(By Associated Press) PETROGRAD, Oct. 8. (By Mail)—American evaporated milk is finding an enormous sale in Russia. Nearly as much milk in this (including brands never retailed in the United States, is shown in the shop

windows of Petrograd and Moscow as can be found displayed in American cities. Many of these brands apparently are put up exclusively for the export trade. The price here for a one-pound tin is from 20 to 25 cents. American milk may be bought at the railway stations, in the villages and at the great markets in the cities. In many instances it is peddled by children. Nov. 10th last day to pay water rent without a penalty. 11-7-21
