### GRUB-STAKING MINERS NOW

SALT LAKE CITY, Utah, Nov. 9.—An effort to stay the passing of the prospector, his burro and the day at his picturesque and useful search for new El Dorado has been started by the mining committee of the Salt Lake Commercial Club and arrangements are being made for establishing a "grub-staking" organization with a capital of \$500,000. The fund, which would be raised by popular subscription, would be used to finance trained and dependable prospectors in their hunt for minerals within the state.

Members of the mining committee, according to their announcement, entered into the enterprise from a public spirited standpoint, only believing that Utah, which is the silver producing state in the Union, and which has yielded \$1,500,000,000 in mineral wealth, is capable of producing several times this total if its resources are carefully developed.

The name of the organization will probably be "The Prospecting Association of Utah," and one unit would be given to any person subscribing \$10 to the fund in ten monthly installments. Mining claims discovered would be shared according to the amount of stock held. Governor Charles Mahoy of Utah is among the many prominent citizens interested in the venture.

Prospecting, while not exactly a lost art, has become one in which few men are now active. Nowadays it is almost impossible for a prospector to get a "grub stake," whereas in the mining boom days of Utah almost any business man, broker or mining operator would willingly put up the money.

How Not to Take Cold. Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

EASY TO DARKEN YOUR GRAY HAIR. You can Bring Back Color and Lustre with Sage Tea and Sulphur. When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly, preparing the mixture, though, at home is easy and troublesome. At little cost you can buy at any drug store the ready-made preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Notice! The George Palmer Lbr. Co. has sold its business and is closing all its accounts. Those indebted to the company please call and make due settlement at office located on Jefferson street just east of Fir street, in Oregon Grocery company building.

### PROHIBITION IS CALLED A SHAM

Iceland Looks Upon Prohibition Laws as Mere Bunk Says Lord Mayor Zimsen.

COPENHAGEN, Oct. 20.—(By Mail)—Prohibition in Iceland has gradually come to be a mere sham, according to the Lord Mayor Zimsen, of Reykjavik, the chief city of the island. In an interview the lord mayor is quoted as saying: "Iceland is no longer a prohibition country. Wines of 21 per cent alcohol may now be brought in. Although the Spanish commercial treaty, which provides for the importation of wine, is unpopular with many people as having killed prohibition, it is only fair to mention that the prohibition act worked satisfactorily only the first two years. Afterwards smuggling and home-brewing practically made the law non-existent."

AMERICANS BEST PATRONS. LONDON, Oct. 20.—(By Mail)—Air travel between the continent and England is growing in popularity. In July 711 machines were in actual service, and carried 1,000 passengers, a majority of whom were Americans.

A Timely Suggestion. This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is almost certain to be needed before the winter is over and the results are much more prompt and satisfactory when it is kept at hand and given as soon as the first indication of a cold appears and before it has become settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug.—Adv.

### If Back Hurts Flush Kidneys

Eat less meat, also take glass of Salts before breakfast occasionally.

Too much meat may form uric acid, which clogs the kidneys; they become overworked, get sluggish, ache and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull aching in the kidney region; you suffer from headache, sick headache, dizziness, stomach ache, tongue coated and you feel those little twinges when the weather is bad. Drink lots of water, also get from any pharmacist four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to help neutralize the acids in urine, so it is no longer a source of irritation. Thus often ending bladder weakness.

Jad Salts is inexpensive, can not injure, makes a delightful effervescent urino-urine drink which everyone should take now and then to help keep the kidneys clean and active. Drug stores here say they sell lots of Jad Salts to folks who believe in correcting kidney trouble while it is only trouble.
