**TOKIO JUDGES HOLD SUSPICION**  
TOKIO, Nov. 10. R. M. Andrews, an American and a prominent bank man here for many years, continues to be subjected to interrogation in connection with the charge that several weeks ago he took photographs in defense arms. Although he has never been under arrest, even technically, and his former conviction has been filed against him, his case dribbled along in the stage of a preliminary hearing. It is believed the matter will be settled soon, however.

**HOPEFUL INDIANS** flock from all parts of northern Canada every summer to Lac Ste. Anne, in the Alberta wilderness, to seek cure for their ills in the lake's waters, credited by the red men with healing powers. The upper picture shows the tiny shrine where the Indians worship at the lake; the lower shows a crippled man seeking a cure.

**How Not to Take Cold**  
Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting the feet wet. Then when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

**Small House Wanted**  
I have a client who owns a modern 12-room home in the heart of the choice residential district within two blocks of the post office.  
The house is in splendid condition, on paved street, large lot, lawn, trees and shrubbery with four bed rooms, bath, toilet and laundry quarters. Is especially constructed for renting \$60 per month to a conservative income, besides furnishing five large living rooms, including two bedrooms down stairs for a family.  
This property should appeal to some one with a modern five-room house who might desire a choice place in modern home and a permanent income in addition thereto of \$40 to \$55 per month.

**THESE THREE VITAL FACTS DETERMINE YOUR POWER AND ECONOMY**  
It's probably wear or inadequate oil in the piston rings, pistons and pins which is responsible for the loss of power and waste of gas in your car. Power and economy really depend upon these three vital units.  
All that many owners need to restore their maximum power and economy is MeQuay-Norris Piston Rings. These rings fit every pocketbook, but save owners who think more of permanent economy and satisfaction than the initial cost first that the combination of Leak Proof Rings for power and compression rings to prevent oil leakage is their best investment. All MeQuay-Norris Piston Rings are made of exclusive metal. If the cylinders of your motor need ringing, you need a set of MeQuay-Norris Wainwright Piston and Pins as well as MeQuay-Norris Rings. They are installed by the same repairmen, service stations and jobbers.  
Your motor can be made practically as good as new for a fraction of the cost of a new one by using MeQuay-Norris Piston and Pins and MeQuay-Norris Rings. Write for the book "The Ring and the Piston" which explains the whole story of motor wear and its correction.
