OREGON TEAM WANTS A NAME

(By Associated Press)

EUGENE, Nov. 11.—University of Oregon's football team wants a name and suggestions are being heard from all parts of the campus here.

Someone thought the "Pioneers" would be a good name and many seem to like it.

The name "Pioneers" it is claimed, would be fitting, for Oregon is a pioneer state and the University is a pioneer among western

institutions of higher learning. Oregon is the only Pacific Coast Conference team without a nickname. The Washington eleven answers to the name of "Huskies," Washington State has the "Cougars," the Oregon Agricultural College team calls itself the "Aggies," over at Idaho they call the team the "Vandals," Stanford has the "Cardinals," California the "Bears," and at Southern California the football men are the "Trojans."

Inbreeding of Species

In an experiment with 600 white rats belonging to the sixteenth to the twenty-fifth generations of brothers and sisters from the same litter, it was found that close inbreeding produced no deterioration.

Confidence Must Be Natural. Confidence is a thing not to be produced by compulsion. Men cannot be forced into trust.—Dantel Webster.

DODGE BROTHERS SEDAN

Many who could well afford more expensive cars are showing a marked preference for Dodge Brothers Sedan.

They find it easy to drive, economical to run, and comparable in beauty and elegance with cars much higher in price.

In the vast amplitude of Dodge Brothers closed body plant, this sedan is constructed with all the studious precision that marks the work of the finest custom builders.

Eighteen days are devoted alone to the 18 rubbing and varnishing operations which are responsible for the unusual brilliancy of its luster.

Months of seasoning precede the use of the fine, critically selected ash which gives the body its rugged firmness.

The interior fittings, too, are chosen with thoughtfulness and rare good taste. The upholstery is covered with genuine mohair velvet of a singularly rich and beautiful pattern. The seats are roomy and luxurious.

Steel disc wheels (with cord tires) harmonize in a most effective way with the new grace and smartness which Dodge Brothers have recently brought to the lines of the body.
