First Methodist Episcopal Church—"What are We to Believe About Jesus?" In these days of changing religious ideas, a proper conception of the Founder of our Christianity is our only hope if we are to be saved from anathemas or worse. Was Jesus only a Super-man; was he only a great teacher of sublime ethics; was he only a great social reformer or was he the supreme revealer of God? The preacher will try to answer some of your own questions in the sermon Sunday forenoon. The chorals under the direction of Mrs. Williams will sing "The King of Love My Shepherd Is," by Sheller. We take pleasure in announcing that Rev. J. J. McAllister, of Long Beach, California, who preached to us last Sunday morning will be the speaker in the evening service. He will talk to us about the "Prodigal Son." Special song service. The new song books added interest to the Bible school last Sunday. Be sure and be present Sunday morning at 9:45 to Claude Cooper, Supt. Interesting learn some of these beautiful hymns. Epworth League meeting at 6:30. Harvey Carter, president—G. H. Quigley, minister.

Christian Church—The paramount interest before us now is the Revival Meeting, commencing on Sunday. The pastor will preach at the Sunday services. Rev. Jamison coming in on Monday. Services will be held each evening of the week except Saturday, commencing at 7:30. Our Bible school has been below normal the past few weeks. For this day if you have ever been there you will not come again. Let us make the first day of our Revival a great day for the school. Junior, Intermediate and Senior C. E. at 6:30. At the morning hour the subject will be "The Modern Atheist." At the evening service

New Lamp Burns 94 Per Cent Air

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 25 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—consuming gas, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (real oil). The inventor, Mr. Johnson, 31 N. Fifth street, Portland, Oregon, is offering to send a lamp on trial, free of cost, or even to give one outright to the first user in each locality who will help him to introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Small House Wanted

I have a client who owns a modern 10-room house in the heart of the choice residential district within two blocks of the post office.

The house is in splendid condition, on paved street, large lot, lawn trees and kitchen with four hot rooms, bath, toilet and laundry facilities. Is especially constructed for renting, for per month at a conservative price, besides outstanding two large living rooms, including two bedrooms down stairs for a family.

This property should appeal to some one with a modern five-room house who might desire a choice place in a quiet home and a permanent income in addition therein of \$20 to \$25 per month.

the pastor will talk about "Fools." **Presbyterian Church—**The Brotherhood class for men started off well last Sunday morning so that we now have classes for all ages in our school which meets every Sunday morning at 9:45. Join us in the study of God's revealed Will. Morning worship at 11 at which time the American Legion will be our guests for an Armistice Day message. Let us honor the men by our presence. Special music. Vespers at 5:00 o'clock will begin tomorrow for the winter season. We plan to make this a most attractive service at a most attractive hour with educational inspiration as the theme. Young People's meeting follows at 6:00 commencing a school of relations on Sunday. Preaching service at 7:30 in the Lane chapel to which the general public is invited. Let us make the Lord's Day the best day in the week as we endeavor to develop our spiritual nature.—W. C. Ross, minister.

Drink Water If Kidneys Hurt

Take a tablespoonful of Balts If Back pains or Bladder bothers.

Too much meat may produce uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative function slows and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back, or the urine is cloudy, full of sediment, or the bladder is irritable, causing you to seek relief during the night, when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast each morning, and in a few days your kidneys may act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and regulate the action of the kidneys, to help neutralize the acids in uric acid, so it is no longer a source of irritation, thus often ending urinary and bladder disorders. Jad Salts is inexpensive and can not injure; makes a delightful after-dinner drink, cures headache, and makes one feel a little better. It is a little remedy to help to keep you feeling good and active. Drink plenty of water at all times.

Eucalyptus Has Advantage.

It requires more than a century for a cedar tree to grow large enough to yield a 30-foot telephone pole. The eucalyptus will attain a larger growth in 30 years, and its wood is quite as durable.

Efficient Vision Your Greatest Asset

THE strenuous demands of this age require the possession of every physical faculty in its most efficient state that we may be enabled to wage our contest of life at the greatest possible advantage. But nothing puts a man or woman at such a great disadvantage as a partial or total loss of visual powers.

There is, perhaps, no catastrophe which evokes more pity, or is looked upon with more dread than blindness, yet people give less attention to the care of their eyes than to the care of their teeth. The least ache in a tooth will make most of us scurry to a dentist, but we will suffer headaches for months and allow our working efficiency to become lower and lower because of defective vision without attempting to seek relief.

Few eyes are absolutely normal and the majority of people, regardless of age, actually need glasses. The need of glasses is many times multiplied because of the character of employment. The day of that old lens that alone brings a need for spectacles or eyeglasses has long ago vanished, with other errors of like nature. Glasses are needed the moment the natural power of the eye do not permit it to function properly for all distances.

Our equipment and methods are the most modern.
