FOREIGN ENTRIES INSTITUTE TO START SOON FOR SPEED RACE

INDIANAPOLIS, Nov. 12.—For the purpose of receiving foreign entries in the 1923 international 500-mile automobile race, to be held at the Indianapolis motor speedway, May 30, 1923, T. E. Myers, general manager of the speedway, has sailed for Europe, according to an announcement of Carl G. Fisher, president of the speedway company.

Indications point to the largest foreign entered field in the history of the race, according to Mr. Fisher. Foreign manufacturers, he pointed out, have been experimenting with cars of the smaller dimensions for more than two years and with the reduction of the size of motors eligible for competition have just year from 181 cubic inches piston displacement to 122 cubic inches. European automobile engineers are said to be making plans to release the best brains of the automobile class.

Foreign cars took the honors of the speedway from 1915 to 1919 inclusive, but in 1920, when the size of the entries were limited to cars of 122 cubic inches piston displacement, the Americans were victorious, repeated in 1921 and again last May.

Mr. Myers will spend six weeks or more with W. F. Bradley of Paris, the secretary's foreign representative. Together they will confer with the majority of the larger automobile manufacturers of Europe, Mr. Fisher said.

EVERY MAN SHOULD MATE

(By Associated Press)
TOKIO, Nov. 12.—That every man should get married, according to the admission of the Shotonkyo Tokusawa to the nation, holds true for the tram car conductors of Tokio. Finding that only 5,000 out of 15,000 employees of the bureau are married, the bureau established an office to help the men locate wives. Special efforts will be made to marry street car employees to sisters and cousins of other employees.

Russia the overturning has completed of all. The czar and his family are gone, only the old government, but in social order is gone. Division, as the western world knows it, seems to have disappeared. Even so rapid a regime as established by Kerensky, the monarchy was overturned, not by the super-radicals who today.

All intents and purposes Russia ceased, for the time being, as part of the world.

When You Have a Cough or Lose Weight and Appetite Take This Advice

MRS. ESTHER WOLF
When You Have a Cough or Lose Weight and Appetite Take This Advice
Irene, Calif.—After an attack of cough fever I was in a weak, thin condition. My appetite was poor and I had no interest in anything. My friends did not expect the is due to with the weak, thin I had a bad cough. I had heard my mother speak of Dr. Pierce's medicine, so I got a bottle of the Golden Medical Discovery and began to take it. Before I had used all of the first bottle I knew I was getting my weight, for I felt a desire for food, and cough ceased and I began to have color and to take an interest in life. I continued to take the Golden Medical Discovery till I felt strong and well. Today I am enjoying the best of health. Mrs. Esther Wolfe, 2111 Irving Ave.

As soon as you commence to take the "Discoveries" you begin to feel the pleasant, soothing effect. Buy it at your druggist. In bottles for health. Write Dr. Pierce, President Herkule's Home, Buffalo, N. Y., if you desire free medical advice.

THESE THREE VITAL FACTS DETERMINE YOUR POWER AND ECONOMY

It's probably wear or inaccurate fit to the piston rings, pistons and pins which is responsible for the loss of power and waste of gas in your car. Power and economy really depend upon these vital units.

All that many motorists need to restore their maximum power and economy is McQuay-Norris Piston Rings. These rings are in fit every pocketbook, but car owners who think more of permanent economy and satisfaction than of initial cost find that the combination of Leak-Proof Rings for power and Super-Rings to prevent oil troubles is their best investment. All McQuay-Norris Piston Rings are made of Electric Metal.

If the cylinders of your motor need re-grinding, you want a set of McQuay-Norris Wainwright Pistons and Pins, as well as McQuay-Norris Rings. They are handled by the same repairmen, service stocks and jobbers.

Your motor can be made practically as good as new for a fraction of the cost of a new car if its three vital units are replaced with McQuay-Norris Products. Write for booklet "To Have and to Hold Power," which explains the whole subject of motor wear and its correction.
