### Kill Turkey Buzzard

The green fly and the turkey buzzard are two of mankind's worst enemies, because they help spread the little paralytic germs and other malignant forms of disease. The buzzard was in large measure responsible for the spread of rinderpest in South Africa, cholera in India and the epidemic that killed off the water buffalo in the Philippines. The green fly and the turkey buzzard should be killed on sight.—Turk Magazine

## NOODLE HOUSES ARE NOW O. K.

SPOKANE, Wash., Nov. 14.—Commissioner of Public Safety, Maurice Smith, while commencing his report of the committee that investigated alleged juvenile delinquency among school children here recently, does not agree with its conclusion as to the need for suppressing dance halls in noodle parlors or the necessity for closing such places, whether they permit dancing or not, at midnight.

Mrs. J. H. Tinsley, police woman having supervision over dance halls, says the noodle parlor dances are conducted along proper lines and that no trouble has been given her in these places.

"The name, 'noodle joint,' in doubt creates a bad impression in the mind of some people," said Commissioner Smith. But there are waffle joints, noodle parlors, chili parlors and other places that specialize in certain kinds of foods and we cannot forbid them to operate because of the name.

"We have had no complaints from noodle parlors that carry on dancing with meals, and so far as we are informed the places are operated in accordance with the law. Dances at noodle parlors here close at midnight, the same as do other public dances.

"As to the suggestion of the committee that we close the noodle parlors at midnight, that would be difficult to carry out. A noodle cafe, serving only food, has the same right to keep open all night as any other restaurant."

## PAVLOVA DANCE COSTS MONEY

TOKIO, Nov. 14.—To pay Y115 (\$27,500) to see Mine Pavlova dance even for a first class seat, has been termed extravagant under the present conditions by Dr. Bentaro Mizuno, the home minister, who is touring western Japan to urge economy living. While in Kobe the minister attended a "dry" luncheon, such as is seldom given in this port city, and seeing in the audience a number of ladies he asked them to co-operate with the officials to effect a reform on these lines. Dr. Mizuno said the present extravagant habits of Japanese society were largely due to the women who are slow to realize the importance of frugality. He warned them, however, not to become disappointed and go too far in economizing.

The minister also pointed to the growing adverse trade conditions in Japan and said there was no better way to check them than to bring down prices and wages so that the country be able to produce commodities in the face of keen foreign competition.

## OREGON BACKS ARE VICIOUS

(By the Associated Press)  
MOSCOW, Fla., Nov. 14.—Oregon has one of the hardest hitting football backfields in the Pacific northwest, according to members of the University of Idaho team which has played and lost to Oregon, Washington and Washington State.

The Idaho team, attacked but not outfought in most of its early games, starts the second half of its schedule tomorrow against Utah at Salt Lake. All the Vandals' remaining games will be away from

## THESE THREE VITAL FACTS DETERMINE YOUR POWER AND ECONOMY

It's probably wear or inaccurate fit in the piston rings, pistons and pins which is responsible for the loss of power and waste of gas in your car. Power and economy really depend upon three vital units.

All that many motorists need to restore their maximum power and economy is McQuay-Norris Piston Rings. These fit into every pocketbook, but car owners who think more of permanent economy and satisfaction than of initial cost find that the combination of Leak Proof Rings, the proven and Improved Rings to prevent oil troubles in their best investment. All McQuay-Norris Piston Rings are made of Electric Metal.

If the cylinders of your motor need reconditioning, you want a set of McQuay-Norris Wainwright Pistons and Pins as well as McQuay-Norris Rings. They are handled by the same experienced, service stocks and jobbers.

Your motor can be made practically as good as new for a fraction of the cost of a new car if its three vital units are repaired with McQuay-Norris Products. Write us for booklet "To Have and Be Proud Power," which explains the whole subject of motor wear and its correction.
