

BIG CARAVAN WILL BE HAD

OREGON AGRICULTURAL COLLEGE, CORVALLIS, Nov. 17.—A two-section auto caravan with 40 cars in each section will start on its way from Portland to Corvallis next week for the annual home coming week-end festivities. The Portland O. A. C. club is completing arrangements for the formation. Section 1 will leave Portland at 3:30 o'clock Friday, November 17, assembling at East Eighth and Madison streets. Section 2 will leave at 8 o'clock Saturday.

Each section will be completely equipped with passenger and other official cars. One car in each section will carry a small band. Pennants and streamers will be distributed profusely by the committees.

Delegations at way points between Portland and Corvallis will be picked up along the line. The schedule for section 1 shows Woodburn at 4:30 o'clock Friday, Salem at 6:30 in front of Marion hotel, and Albany at 8:45 in front of Albany hotel.

The second section will pick up Woodburn cars at 9:30 o'clock Saturday, Salem at 10 o'clock, and Albany at 11:15 o'clock.

Students with friends and relatives in Portland or intermediate points are urging them to join this caravan, and a successful conclusion is expected by Miss Zella Felke, alumni secretary.

MANY WILL BE AT HORT SHOW

OREGON AGRICULTURAL COLLEGE, Corvallis, Nov. 17.—Oregon fruit men from all parts of the state and from outside states will contribute to the exhibits at the annual hort show on the campus November 22-25. The exhibit is quickly, and in this regard the college show has come to be accepted as the classic of the west.

Walnuts and filberts, mostly Oregon grown, will be featured this year. The arrangement is a miniature Chinese pagoda, with a back of English wainscot as the central idea, surrounded by incense. In a

How Not to Take Cold

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

LONGEVITY MAY BE DISCOVERED

(By Associated Press.)

NEW YORK, Nov. 17.—Discovery of the tissue-building activities of the white blood corpuscles, believed by scientists to point the way to the indefinite prolongation of human life, were outlined Wednesday by Dr. Alexis Carrel of the Rockefeller Institute, in an address before the National Academy of Science.

Dr. Carrel's statements were taken by many prominent scientists in his audience to indicate that the secret of longevity might be found through the discovery of a means of stimulating the activity of these corpuscles.

Dr. Carrel described the work of the hemocytes, or white blood corpuscles, which experiments had shown, he said, protected the body against infection and also stimulated the growth of new tissue and the regeneration of dormant cells.

He told of his experiments with animals which had indicated that the white blood corpuscles stimulated the growth of new tissue, "setting free growth activating substances in the tissues."

Damage to grain by grasshoppers is estimated at 57,220 acres in the districts reporting. This is over 72 per cent of the crop in the affected areas and the total damage in the province is placed on this basis at 57,000 acres.

When John Howard Payne wrote the play containing the famous lyric "Home, Sweet Home," he was so hard on that he disposed of the whole play and all that was in it for \$250. Within a few months the man who had bought it from him had cleared \$10,000 from "Home, Sweet Home" alone, over 100,000 copies being sold.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using
Recipe of Sage Tea and
Sulphur.

Hair that loses its color and lustre, or when it falls, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that rich color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Sometimes we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Waxley's Sage and Sulphur Compound" which contains the hair restorer, so effective that it has been applied. You just saturate a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By using this gray hair dressing, but what do you get the hair with Waxley's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the color and lustre and gives it an appearance of abundance.

When Winter Comes

It pays to look well to your tires. Poor tires mean trouble. Goodyear tires mean satisfaction, freedom from trouble and traction when needed. No other tread compares with the Goodyear Allweather for winter use. They cost no more.

MONTANA EXHIBITING

(By Associated Press.)

KANSAS CITY, Mo., Nov. 17.—Montana will be represented by 12 head of Hereford cattle at the American Royal Live Stock show to be held here in the new half million dollar Royal building, November 18 to 25. The Herefords have been entered by A. H. Cook of Townsend, Mont.

Mr. Cook operates a 6,000 acre ranch at the headwaters of the

Missouri river on which he maintains a herd of 500 registered Herefords. He has been prominent in American and Canadian shows for the last eight years. One of his most notable winnings was at the American Royal in 1915, when he showed the grand champion female, "Joy."
