Reider being a great football player. Walter Hills of Kentucky is a clever female impersonator. He makes up as a dancer in a vaudeville show. The South Atlantic seaboard has been believed to be the home of the early. The "Daily" has held its annual meeting and fixed the opening next season for April 14.

POLITICAL JOBS NOT ATTRACTIVE

BAKER, Nov. 20.—That he is not a candidate for appointment by Governor West, Walter M. Pierce to the state planning commission and that he would not accept such an appointment if it were offered him was the statement made yesterday by William D. Baker. The fact that such an appointment would mean only interference with his business interests and also that the conditions of his service would not allow it were the reasons stated by Mr. Baker, who departed last evening for Washington, D. C., where he has been called to conference on matters pertaining to credit for the steel-making industry. He joined J. M. Bennett, Charles L. McNary and Richard W. S. Squire, members of the committee, who they were to meet in a conference which will make the final decision. While absent from the state, Mr. Baker has expressed to the majority of the state planning commission and will probably not return to Baker until shortly before the end of the year.

NEAR EAST IS SUBJECT THAT IS DISCUSSED

Lord Robert Cecil, One of League of Nations Creators, Explains the Situation in Near East.

LONDON, Nov. 20.—Lord Robert Cecil, one of the creators of the League of Nations, and now president of its council, discussed the Near East situation today. Analyzing the problems that will confront the League in the approaching conference on the neutralization of the Bosphorus, which is to follow the Near East Peace Conference, Lord Robert declared that in his opinion, and also in the opinion of League members who have studied the situation, there is no simple solution possible except to hand over the Straits to League control, now that both sides of the Bosphorus apparently are to become Turkish territory.

THESE THREE VITAL FACTS DETERMINE YOUR POWER AND ECONOMY

It's probably your best investment in the motor truck, station and pits which is comparable to the fuel or power a 4-wheeler of gas in your car. Power and economy—these are the three vital units.

All that many owners need to know is that the power, economy and economy of the motor truck are the result of the combination of the three vital units. The motor truck is the result of the combination of the three vital units. The motor truck is the result of the combination of the three vital units.
