

Gifts You Make Will Please

It isn't so much what one gets at Christmas as the thought which prompts the giver that is appreciated. And surely nothing suggests so fine a spirit as some remembrance that you have made yourself.

- A luncheon set
- A fancy apron
- A dainty hand-made hanky.

Any of these are big enough to carry a Christmas message. There is a display of gifts you can make yourself in the Fancy Goods Section and full directions how to make them will be given upon request.

## INDIANS COME FOR EDUCATION

SALEM, Ore., Dec. 1.—Nearly a dozen Indian boys from various parts in Alaska, Washington, Montana and other states must be turned away from the Salem Indian school, because under the government regulations they do not possess the educational qualifications that entitle them to admission to Indian schools.

According to Superintendent Hall, the boys are from communities so remote that they haven't been able to progress farther than the sixth grade by the time they were 17 years old. Under government regulations they are not eligible for the Indian schools under these conditions, says Superintendent Hall.

The boys are at present stranded in Salem. They haven't sufficient funds to return to their homes, and if they did return would be unable to continue their education. The transportation fund at the Salem school is too lean to care for them. Superintendent Hall is endeavoring to find work for them in and around Salem, so that they can continue their education.

### THESE THREE VITAL FACTS DETERMINE YOUR POWER AND ECONOMY

It's probably wear or inaccurate fit in the piston rings, pistons and pins which is responsible for the loss of power and waste of gas in your car. Power and economy really depend upon three vital units.

All that many motors need to restore their maximum power and economy is MeQuay-Norris Piston Rings. There is one to fit every pocketbook, but car owners who think more of permanent economy and satisfaction than of initial cost find that the combination of Leak Proof Rings for power and Super-V Rings to prevent oil troubles is their best investment. All MeQuay-Norris Piston Rings are made of Electric Metal.

If the cylinders of your motor need re-ringing, you want a set of MeQuay-Norris Wainwright Pistons and Pins, as well as MeQuay-Norris Rings. They are handled by the same craftsmen, service stocks and jobbers.

Your motor can be made practically as good as new for a fraction of the cost of a new car if its three vital units are replaced with MeQuay-Norris Products. Write us for booklet "To Have and to Hold Power," which explains the whole subject of motor wear and its correction.
