**Taking Desperate Cautions.**

It is true that many contract severe colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding attack and paves the way for the more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of bad colds, may be had for a trifle?—Adv.

For Many a La Grande Household.

To have the pains and aches of a bad back removed to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of La Grande readers.

J. R. Shockey, 1904 N. ave., La Grande, says: "Several years ago I had kidney trouble and suffered from a dull aching across the small of my back. When I stooped it was all I could do to straighten and my kidneys were irregular in action. A friend advised me to use Don's Kidney Pills and I decided to try them. They soon fixed me up in good shape. The aches and pains left and my back was strong and well."
