Thousands upon thousands of women have kidney or bladder trouble and never suspect it.  
Women's complaints often prove to be nothing else but kidney trouble or the result of kidney or bladder disease.  
If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.  
You may suffer pain in the back, lameness and loss of ambition.  
New health makes you nervous, irritable and may be dependent if not properly treated.  
But hundreds of women claim that Dr. Kilmor's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.  
Many would be a simple matter to see what Swamp-Root, the great kidney, liver and bladder medicine will do for you. By enclosing ten cents to Dr. Kilmor & Co., Birmingham, N. Y., you will receive sample size bottle in Paper Pack. You can purchase medicine and sample size bottles at all drug stores.

PHONOGRAPHS AND RECORDS

**The TONE AMPLIFIER WITH GRILL REMOVED**

A phonograph is an instrument to reproduce sound (usually music). To accomplish this correctly it is necessary to follow certain rules. The most important is the construction of the amplifier or horn. The horn must be round with no square corners to break up the sensitive sound waves. This most important feature is to be found in all BRUNSWICK PHONOGRAPHS. Please call and let us demonstrate the wonderful tone qualities of the Brunswick before purchasing. Make this a memorable Christmas by having us place a Brunswick in your home. No higher in price, no why not a BRUNSWICK.

Write for Service.
