

JANUARY, the month of resolutions, and bright beginnings--- means to the patrons of this store a month of unparalleled sales; sales that need no recommendation to experienced shoppers; sales in every Section, but particularly important in the Ladies' Ready-to-Wear, Men and Boys' Clothing, Shoes and Corset Sections. Needless to say, the values apparent here come at a most timely moment, just when everyone is looking ahead to a New Year, and a New Season with their urgent demands.

WRAPS

Many With Furs

A wrappy coat of luxurious fabric, fastening, perhaps, with a decorative cabochon on the left hip, and maybe even fur trimmed. Of course you'd like it as an extra wrap. Our values make it possible.

WOOL

Embellishing features are material edged with gold braided doretine; facings of Crepe de C sleeves—delicate touches that lace collars complete the effect.
