## Display of Spring Modes in Dresses of Taffeta

Remarkable Values at

**\$32.50**

There is an unmistakable air of grace and refinement about really smart frocks that has its appeal to women of discrimination, and in this remarkable display of modishness, combined with real value and a very moderate price.

The chic styles of which three are here illustrated will appeal to women and misses.

The taffeta used in these dresses is of the best quality, crisp, dainty and lustrous, and the workmanship has that exquisite finish of detail that distinguishes the really smart frock.

Some of the smart features are: short, wide, basket-weave hem borders and panels; the "puff" sleeves trimmed with tuck and ruffles; the slightly bouffant skirt with its billowy gracefulness adorned with ribbon flowers. The waist panels are charmingly conservative in line and variously adorned. Most of the frocks have collars of self material, lace or Georgette.

Colors: Brown, Navy, etc.
