STORY OF FREAK SHOT BEING TOLD

(By Associated Press)
JULIAETTA, Ida., Jan. 5.—How a single bullet from a hunter's rifle killed a coyote and mortally wounded the hunter's dog so that the animal had to be killed is being related here.
About four miles below Juliaetta, the Albright brothers have a farm in the Big Potlatch canyon. Coyotes abound in the vicinity. Recently one of these marauders was being hounded by the Albright brothers and a prized Airedale dog.
The dog caught up to within a few yards of the nearly exhausted animal. The hunter fired. The bullet, of the softest variety, passed thru the body of the coyote, killing the

animal immediately. The bullet then struck a rock and glanced. One piece of the shattered missile pierced the Airedale's side and wounded him so severely that it was necessary for the hunters to kill their four-footed companion.

CELIA BOLLMAN GOES TO STATE CAPITOL

Celia Bollman, appointed assistant private secretary to Governor-elect Walter M. Pierce, who will be inaugurated Monday, left last evening for Salem, where she will make her home during the next four years. Miss Bollman has been employed in the office of J. H. Oliver for the past two years.

DR. STEWART MAY BE COACH AT PULLMAN

"It is rumored about the Pullman campus that the football coach to succeed Gus Welch, will be Dr. E. J. Stewart," remarked a student of Washington State College who passed through La Grande yesterday en route for his alma mater. "No official selection has been made but it is believed that the college is in close touch with the officials that Dr. Stewart will be the man selected." he continued before retreating into the Pullman car as the train began to move.
Dr. Stewart was formerly coach at Oregon Agricultural college and was athletic director in Nebraska some time ago. At present he is coach at Clemson university, a South Carolina school, and his success at the grid game is praiseworthy.

RADIO AID IN CRIME HALTING

(By Associated Press)
SPOKANE, Wash., Jan. 5.—Use of radio as a means of combating the spread of crime and hastening the arrest of criminals will be instituted in Spokane county this spring, according to Sheriff Clarence E. Lang.
In explaining his decision to adopt the use of radio Sheriff Lang stated that he believed it would prove of particular value in blocking the activity of criminals who move rapidly from city to city leaving a long trail of crimes in their wake. The plan will be worked out in conjunction with the Northwest Association of Sheriffs and Police.
According to the plan mapped out by the Northwest association, every day complete accounts of new crimes committed in any zone, with descriptions of criminals, suspects, finger print classifications, history and identifications will be broadcast in association with the association has made formal petition to the government radio control board for a distinctive wave length for exclusive use of the association.
As the system is perfected, smaller stations throughout the northwest will be added to the chain of police broadcasting bureaus, as well stations in Montana and British Columbia.

BRIDGES SAFE.
PORTLAND, Jan. 5.—Bridge Engineer McCullough informed the highway commission today that no Oregon bridges were in dangerous condition, although some needed repairs, including one at Hickett, on near Pilot Rock on the Pendleton-Pilot Rock road.

"WEE" DRINK IS NO LONGER SAFE

Under New City Statute Private Drinking Is Hard to Get Away With
Whether a traveling man had a little hard liquor to ward off the cold or to give him up during the present storm, or wanted to cheer up a friend, made no difference to officers of the law last night when they slapped a search and a seizure warrant on his room and captured some liquor for he had to appear in city court today and pay a fine of \$50.
The new law is operating in the most effective manner and officers claim now they have the needed weapon which so long they did not possess, namely the right of search and seizure. It was statute adopted at the last general election and is wide-sweeping in its application.
The home brew party where a man invites in his friends to sample some of the "stuff he made himself" is now in danger, just as the bottle of moonshine hid in the closet, for officers have the right under the law to issue a search and seizure warrant and search any premises.
J. W. BUSH VERY ILL.
This afternoon J. W. Bush, of the Blue Mountain Creamery, was stricken with a severe illness. He was stricken at the creamery while at work and was immediately taken to his home where he is considered to be a very sick man at the present time.
Superstitious Chinese.
The Chinese are probably the most superstitious race on earth. They have a strong belief in all sorts of spells and charms. The average Chinese man also has great faith in drugs, and frequently spends a large part of his income on medicine.
Translations of foreign novels are seldom satisfactory. The American language is incapable of expressing the nice shades of pruriency.

TIMBER TO BE CUT IN PARK

(Special to The Observer)
THE PARK, Jan. 5.—Joseph Lay is considering a contract with Wayne Forest Products company of Union, La Grande, to cut timber on the home land and the old Williams place. It is not yet decided whether Mr. Van der Horst will sell the timber outright, or only contract the cutting. It was left open, until the estimation of the land and timber thereon. It is hoped that the deal will pull through before spring opens, as this would help The Park considerably.
Best Van and family were guests of Clarence and Maude Vanderder at a midday luncheon on New Year's day. The affair was a very enjoyable feature. High class music was furnished by the Meltrala.
Mrs. Lybka Vanderwater went to Cove Tuesday, taking her son, Edward, to school. Edward attends the Cove high school this winter. Her two babies accompanied her. She expects to make a stay of two weeks with her people, who reside at Cove.
George McDowell took a load of hay to the La Grande market on Monday. The first of the season. George believes in starting the New Year right by turning in all the money he can.
Joseph Lay took part of his horses to James Kennedy of Big Creek on Tuesday. He has bought feed from Mr. Kennedy and will winter his horses there.
Gyle and Ardal Lay are going to the Big Creek high school. Riding horseback morning and evening, a distance of about six miles.
On New Year's night the young folks of The Park attended a dance at James Hansen's place on Big Creek. A splendid time is reported.
George South, forekeeper at Mead, has taken up Bob Hunter's team and will hold them till spring. He will winter them with his own horses at the Hansen ranch on Big Creek.
News from George Losely, an old resident of The Park, who has leased a ranch on Lower Powder, states that he is doing splendidly with his new home. All residents of The Park wish

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know
The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.
But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Weyth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.
Well-known druggists say it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears and after another application or two, it becomes beautifully dark and glossy.

HOOP ARTISTS PREPARE FOR UNION CAGERS

(Continued from Page One.)
land and Eugene Metelf, guards, have all shown their mettle in past games and are giving the first team some of the strongest opposition ever.
Union Team Strong.
According to pre-season reports the bunch from Union, with two weeks of practice behind them, are going in, nearly mid-season form. Martens, forward, a fast shifty base-ketcher, is counted upon as being La Grande's hardest single opponent and he is backed up by a well balanced heavy team.
Jimmy Rosenbaum has been engaged to referee the contest. The game will start promptly at 7:30 o'clock.
