THEATRES

SHERRY'S TODAY AND TOMORROW

Harry Carey and a superb cast including Filly Marshall and Viola Vale appear in Mr. Carey's latest super-Western production, "Good Men and True," based on Eugene Manlove Rhodes' memorable story. It will be shown at the Sherry Theatre today.

A diversity of thrilling scenes sandwiched among episodes that glow with fine interest and romance make Harry Carey's latest super-Western production "Good Men and True," one of the greatest subjects in which this ever-popular star has been presented. It is the current feature at the Sherry Theatre, where capacity audiences are enjoying the delightful humor and thrilling risks in which Harry Carey is the dominating character.

All the hip-hip hurrah of an election in a small Western community infuses Harry Carey's most recent production, "Blood and Sand and True," with a snap and dash that pales it among the most thoroughly entertaining subjects of the year. In this virile and romantic story from the pen of Eugene Manlove Rhodes, Harry Carey has the role of J. Wesley Pringle, candidate for sheriff. He is backed by the better element of the territory and opposed by a vicious faction that would throw the community open to the forces of evil.

As a hen-pecked husband, Filly Marshall supplies a touch of comic relief that is irresistible. "Good Men and True" is at the Sherry Theatre.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT Applicants for Insurance Often Rejected. Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success. An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made an astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

Where thickness of a Hair Equals a Mile THE hair of a human head averages from two to three thousandths of an inch, and if motor service shop work is based on accuracy so coarse as a "hair's breadth," only poor results can be obtained. Automobiles may be designed alike, and look the same, yet one, because of precise fits, has more power, speed and less vibration. When pistons and cylinder bores are held to limits of one thousandth plus or minus, it means that often a piston .001 undersize goes into a bore which is .001 oversize; and, in case of a three-inch piston, instead of having a wall clearance of .002 .001 for each inch of piston diameter, it has .005 and becomes an "oil-pumper"—an error of loss that an average hair's breadth, yet, the results could have been no worse had it been a "mile."
