HALL BILL IS NOT CAUSING BIG COMMENT

(Continued from page one.)

Every county. No bill has yet appeared supporting it. A few prohibition bills are in but none of them finally affect the present dry laws. The present is very properly described as the "vacuum" and every one is hoping that it breaks before very long as marking time is always poor business.

Over in the house it is whispered there is something doing and that the farm bloc is going to be a factor in committing murder on some of the bills already introduced in that body. The ways and means committees of the two houses have buried the hatchet and put the dove of peace on top of the committee so that in the future nothing is expected to emanate from that room except sweet songs of harmony.

But, listen, that ways and means committee of the senate is some all right committee. With Bill Strayer, Henry Taylor, Alex La Plante and Sam Brown holding down the state's purse strings our guess that any appropriation that gets through will be doubly worthy.

Personalities have died out in the senate and now almost everyone speaks to his neighbor, which after all amounts to something. The governor has been asking some appointments of late and so far no can be learned none of them are out of the way. It is quite apparent that some factions who were expected by many to dictate the gubernatorial course have failed at least in these first few that have been shot over the plate.

Another constitutional bill is being hatched. This one has Representative Crain of Medford behind it, and while only skeleton reports are

available today it is believed that the bill will have much merit.

The press section continue to hear that there is a bill to be introduced preventing a married woman or a married man from charging any account to the other. It is claimed that 4,000 married men deserted their wives in Portland last year and a survey indicates that the majority of desertions were due to the wives charging bills to the "poor working" husband who found himself engulfed with debts to be paid on a monthly basis. This caused him to lose heart and "blow up" according to the press section, and the bill said to be in the oven cooking is to prevent such things.

Shaddy Joe Carr and Bill Siegrist played golf all day on the Waverly links in Portland. They plan to visit the state house in a few days but deny they want any legislation, no even any suggestions relative to the Volstead act.

Mr. and Mrs. N. K. West met a few friends Saturday and Sunday at Benson hotel in Portland and received congratulations. They are spending a few days in Portland before returning their honeymoon trip to Fresno.

By the way, there is agitation to raise fishing and hunting licenses this season and the Peelfoot club should get busy and let its opinion be known down here as to what it desires.

Also there is a movement to kill the coyote scalp bounty and anyone interested should write in and give his views.

Bill Hanley is on the job and after presenting the governor with his white hat, is a man of considerable importance around the state house.

HOOP CARNIVAL AT "Y" TONIGHT

Four Games to Be Played; Union Will Play Clerks and M. I. A. Meets Alice.

Basketball will swing into supremacy from tonight until Saturday night is history. La Grande teams are scheduled to play seven games in the interim, four of them to take place tonight. The quadruple-header is to be held at the Y gymnasium beginning at seven o'clock and lasting until the last battle hymn is sung and the last blast of the whistle ceases to echo.

Union, a member of the city league, will arrive this evening to do battle with the stalwart Clerks, champions of the year gone by, and Alice, who walloped the Standard Oil team so severely last week, will take on the M. I. A., considered one of the strongest teams in the league. Both games are sure to be real exhibitions of the hoopists art.

Preliminary to the two main struggles, a picked high school team will play a Boy Scout team and another Boy Scout basketball game will also be played. The hostilities start at seven o'clock, the time limit on the opening being short, and the city league games, Union vs. Clerks coming up first, will begin at eight o'clock. The Alice-M. I. A. game will follow close on the heels of the other.

A small admission fee will be charged and the referee for the evening has been announced as Jimmy Rosenbaum.

WITNESS SAW HOODED BAND

(By Associated Press)
BARTHOLOMEW, Jan. 17. — Admission by one witness Tuesday that at one time he thought he recognized three members of the black hooded band held responsible for the kidnapping of Watt Daniel and Thomas Richard, lengthy examination of two other witnesses — Smith Stephenson and E. N. Gray — and protest made by a district attorney against the propounding of certain questions to Gray were incidents of a lively day's proceedings in the open hearing inquiry here into masked band depredations in Morehouse parish.

W. H. Todd, during the examination of Gray, called the attention of Judge Fred T. Olson, before whom the inquiry is being held, to a newspaper dispatch as a defendant in several other men in criminal proceedings as a result of the disappearance of Daniel and Richard.

Todd interposed when Gray was asked where he was on August 24—the day of the kidnaping of Daniel and Richard.

Judge Olson ruled that Gray would not be expected to answer any questions that might be of an incriminating nature.

Constipation.

Constipation of the bowels is a stoppage of the sewerage system that removes waste matter from the body. It is as necessary that your bowels move regularly once each day, to carry off this waste, as it is that the waste pipes of your home be kept open and carry off the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed.—Adv.

CHESTER TALKS TO FELLOWSHIP

Brotherhoods of La Grande Listen to Baker Pastor Last Evening in the Methodist Church.

More than fifty men listened intently and to their own gratification last night at the Methodist church while the Reverend Mr. Joseph Chester of Baker discussed the topic "What the West Can Learn from the East." Still enthused by his recent associations with the Hindu atmosphere and surroundings, and having been an observing personage while in Hinduland, Mr. Chester was well qualified to tell the assembled men, hailing from the various church brotherhoods of the city, much of intense interest concerning India and other far Eastern countries.

The speaker discussed at length the materialism of the west and the spirituality of the east, setting forth the argument and facts that the west or occident, is much concerned with things, and the philosophic Hindu and the Indian in general is more concerned about souls than material things. Upon this general premise the speaker based his discussion. Following the address there was some general discussion, questions asked, and answered, and the Reverend I. R. Aldrich spoke upon related topics.

E. D. Towler, president of the joint brotherhoods, presided and Geo. H. Quigley, pastor of the Methodist church, introduced the speaker of the evening.

Prior to the main address, Mr. J. J. Handmaker spoke briefly on the Near East situation.
