Punching the Clock---

By the very act of summoning electricity to your command you punch the time clock and the work is started immediately, when service desired has been given you again punch the time clock and work is ceased immediately and the charge for that service stops at the same time. The total time worked is registered on the dials of the electric meter which is installed at your premises.

You, as your own household manager, can check up the actual service given each month by the simple process of subtracting the reading on the dials at the time the meter man checks your "time clock," or meter from the reading taken next month. These readings show on your bill each month.

FARMERS UNION HOLD MEETING

Officers for 1923 are Elected; Two Resolutions Are Adopted at Annual County Convention.

The County Farmers' Union of Union county held their annual county convention on Saturday, January 13.

A very good delegation was present regardless of the weather conditions. Many important subjects were discussed at the noon hour and the usual bountiful repast was served and everyone did justice to this part of the day's program. The only disadvantage that seemed to mar the day's program was that the time was too short to dispose of the business of the day.

The following officers were elected for the ensuing year: President, Bernal Hug, of Elgin; vice-president, J. Case, of Alicel; secretary-treasurer, Mrs. Henry McGoldrick, of Imbler; conductor, William Ruckman, of Alicel; chaplain, Mrs. Anna Klinghammer, of Elgin; door-keeper, Henry Mcfloldrick, of Imbler; executive board, Mrs. Anna McKinnis, of Imbler, Mrs. Ella Walker, of Imbler, and Mrs. W. F. Hug, of Elgin.

The following resolutions were brought before the convention and adopted by that body:

Resolution 1. Whereas, the is now a bill before the Legislature requiring Free Text Books for the primary grades of the public school.

Therefore, the Farmers' Union of Union county, in convention assembled, go on record as opposing any such measure.

Attest: Mrs. Henry McGoldrick. January 13, 1923.

Resolution 2. Whereas, Oregon has become notorious for her radical and frequent changes of laws, menacing our homes and unstabilizing business, and,

Whereas, we believe that the very easy methods in use by which we change our constitutional laws is the chief cause of our unsettled State Government;

Therefore, we favor returning to the original method of amending the constitution of this state, but if the petition method is continued it should require, when used, fifty-five per cent of the total vote cast at the election.

CLERKS DEFEAT UNION CAGERS

(Continued from page one.)

seen in two years, were never in danger. The entire team showed up as one unit, starring as a whole. Incidentally, Judy Ash, guard, held Dalton, Union forward, scoreless. Garrett, Alford, Larson and Taylor all went faultless throughout the game.

M. I. A. Humbles Alicel.

Alicel lost a team out of their class when they took on the M. I. A., following the Clerks-Union game. Fighting to the last minute they went down to defeat, the score being 17 to 59 in the M. I. A.'s favor. Again team work of a superior quality resulted in a victory. John Stoddard, Black, W. Bean and A. L. Stoddard each scored over 12 points, Black being high point man with 19 tallies.

In two practice games preliminary to the league games the boy scout's first team were defeated by the L. H. S. seconds, and the boy scouts' seconds won from a pick-up team. Quite a number of spectators were present.

Summary: Clerks 59, Union 19; M. I. A. 59, Alicel 17; Referee, Reed.

Line-ups: Clerks—Alford (4), Larson (13), Garrett (16), Ash (6), Taylor (8); Union—Garrison (11), Dalton, Maxwell, Sirrine (4), Spencer (8); M. I. A.—John Stoddard (12), Black (19), W. Bean (12), G. Bean, A. L. Stoddard (15), Ray Baum (2); Alicel—Ruckman (3), Stewart, Wells (2), Taylor (6), Wallsinger, H. Wells (6).

WALLAWA PLANT GARDEN.

WALLA WALLA, Wash., Jan. 18.—A rush for garden seeds has started here, stimulated by the unusually mild winter. Truck gardeners began this week planting beets, carrots and peas in large quantities.

At noon today a period of 26 days and night has passed with the temperature continuously above freezing. The highest mark reached in this time was 62 degrees. Walla Walla has had warmer spells in winter, but none of such duration.

WHEAT MARKET

PORTLAND, Jan. 18.—Wheat was $1.22 to $1.44.

THE WEATHER

PORTLAND, Jan. 18. — Tonight rain in the west, cloudy in the east. Friday will be fair.

Remember when you played hookey to go swimming? See "The Old Homestead."

If there wasn't a hell, man would invent one for the consolation of knowing that his enemies are going there.

FINE CATTLE KILLED.

OREGON CITY, Ja. 18.—Thirteen head of Jersey cattle, out of a dairy herd of 28 animals, owned by Burch Brothers, were killed by a Willamette Valley Southern railway passenger car near Monitor Tuesday evening.

The cattle were being driven toward the Burch farm and while crossing the track the 13 cattle left the road and started toward a short trestle. No sooner had they left the road than the electric car approached around a sharp turn. Before Motorman Force could bring his car to a standstill dead animals were strewed both sides of the track. Force said the car was traveling about 25 miles an hour at the time of the accident. Two cows and a calf were carried across the road on the cowcatcher, all three being dead when the car stopped. Eleven animals were killed outright and two, having had their feet cut off by the train, had to be shot.

DAM ELECTION HELD

POCATELLO, Ida., Jan. 18.—Unofficial returns from a special election yesterday in southern Idaho districts which would be affected by the proposed American Falls dam and north Minidoka irrigation project, show a majority in favor of the scheme. Some of the districts gave a plurality of 7 to 1.

The proposed dam would enable the irrigation of approximately 350,000 acres of land and would entail an expenditure of about $20,000,00 according to Guy Flenner, president, which is backing the project.
