HILL'S DEPT. STORE

Society

Mrs. Charles Paylo, prominently connected with the sale of Christmas seals, announced that final statistics have been compiled on the sale in Union county and out of a total quota of \$750,000 the seals actually sold will go to the county health association.

"We are very well pleased with the fine response and splendid cooperation we received from the Hill Sons of La Grande and other communities and are gratified with the final results," she stated.

Last Thursday evening the Girls' Friendly Society program committee met at the home of Mrs. Robert A. Postcard to discuss the work of the society for the next four months. The program is practical nursing under the direction of Mrs. Whitaker, county health nurse, and a most prominent part. Mission and work for the missions are also emphasized during Lent as well as spiritual health in the girl and young woman and their spiritual health in the social consciousness of their respective churches.

No social events will be held during Lent, but between Easter and the last meeting in May, several are arranged for. Right now all efforts of the society are given over to the pre-Lenten annual event—Mardi Gras. It is to be held the evening of February 26th at Eagles hall. All G. F. S. programs have previously been held at Homan hall and the Mardi Gras would be too if it were adequate. The girls hope to preserve the virtuous G. F. S. personnel and high character that has always been theirs in this semi-public event.

They want their guests to make believe for the evening that they are in an enlarged Homan hall. All the fun that one could have in an indoor carnival is being arranged for. Good music to make the dance a success, and waffles and their accompaniments for the hungry will be a feature. Through all the evening's activities the girls ask the public not to forget the good use the proceeds are to be used for.

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickly by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation. Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.
