The interest of the club is centered on a new library building and everything is being done towards its attainment. A play is in progress, the proceeds to help this worthy cause. A petition is being circulated soliciting donations. Mr. and Mrs. Frank Miller were surprised on Friday evening by a party of their friends who gathered at their home to cheer the passing hours. The guests were Mr. and Mrs. A. H. Olson, Mr. and Mrs. T. R. Conklin, Mr. and Mrs. Clarence Heryford, Mrs. L. B. Carter, Miss Bess Kelley, Russell and Dazell Fulp, Farm Bureau Meeting Held. The first Farm Bureau meeting of the year was held on Friday afternoon. N. C. Jamison of the Oregon Agricultural college was present and gave a most interesting talk on dairying. After the business of the Farm Bureau had been concluded the Cove farmers had a discussion relative to the possibility of a Cove-La Grande road in the near future. The discussion was led by K. J. Stackhaus and since the meeting between the Cove and La Grande Ad clubs, the proposition looks more hopeful.

DRIVER'S ESCAPE CLOSE

SILVERTON, Ore., Jan. 30.—G. Berg, a Silvertown mill worker, Wednesday drove into a logging train and wrecked his automobile, but sustained only minor injuries. Mr. Berg had just completed his lunch at the mill and was going to drive downtown. As he had his side curtains up, he did not see the train as he drove from under the docks. Someone called to him and he immediately applied the brakes. His car went down the tracks, a log projecting slightly from the cars hit the fenders, ruining them. He had barely recovered from this shock, it is said, when another log hit the front seat, knocking it out from under him and leaving him sitting on the gasoline tank.

This, however, did not end the accident. Another log came along and hit the rear end of the car, making about a total wreck. Mr. Berg was left almost without a scar, having received only a few bruises on the leg.

DEER SIGHTED AT THE PARK

THE PARK, Jan. 30.—A heavy snowfall came Thursday and Friday night and Saturday we had one of the biggest blizzards this winter. The deer have not hunched up as yet. They are seen in pairs and pretty well scattered, but this cold spell will gather them up and send them down to the low lands. A buck and a doe, extremely large, the male deer type, passed within 100 yards of the Big Log Cabin on Thursday. The deer there in the winter get pretty close because they are not molested. Deer learn very quickly whose friends they have. Little Floyd Vanorder, baby boy of Mr. and Mrs. Clarence Vanorder, is entirely recuperated from his recent heavy cold.

Clarence Vanorder saw two large coyotes fighting to "beat the heat" back of his old homestead. They were apparently fighting over some dead animal they had found. He shot at another coyote later but did not get him. Coyotes are numerous and playing havoc with the deer. The clutch on Ed. Gillipie's drag saw was broken, forcing him to send to Portland for repairs.

Clara Lay received a telephone call from Miss Grania Hunter, at Union, just as she was preparing for the dance at Lovely, but she took time to answer her friend. She reports a fine time at the party.

Miss Ida O. Hunter, reports that she likes her new school and her teacher is par excellence. And she says that at her place at Mr. and Mrs. Claude Woods, she has the same of her life with pretty "little Canada."

Frankie E. Hunter reports that Mrs. L. F. Ingram and her daughter, Mrs. Mrs. Galt, are easy sewing and doing fancy work for their numerous customers.

Marylin Wood was at the old Bohemian homestead (Sunny Brook Farm) helping Mr. Lindsay on the road work there.

Reginald Wood was in Portland at the last report.

Mr. and Mrs. Clarence Vanorder were teased to a joyful surprise when they received a telephone call from Medical Springs that their cousin, Daniel Fruit, of Boise, Idaho, whom they had not seen for five years, had just arrived. Clarence dispatched a team at once to the Springs bringing Mr. Fruit, accompanied by his grandson Clair Lansing, a boy of 16, who has been affected with the asthma and is coming to this clear and healthy pure air country, which already is making a great improvement towards the boy's health. Mr. Fruit is an old man, who was for years a resident of Baker and Union counties and has known Mrs. Mand Vanorder since she was a baby. They came via Baker on the stage, then to Medical Springs.

Mr. and Mrs. Bert Van's two

babies were sick of the "cure" (flu) especially Alfred, but they are now getting well and lively as usual, which pleases their many friends.

Mr. and Mrs. Joseph Lay went to the dance given by Mr. and Mrs. Geo. Losely of Big Creek last Friday night. They report a good time all around.

Mr. and Mrs. Frank Wigglesworth of Raymo Flat, report the conditions in excellent order up on the Flat. There has been considerable wind of late but otherwise everything is in tip top shape.

Othello Lay was at the Lovely dance on Big Creek Friday.

The mail carrier, Bud Lay, reports that the roads are in splendid condition, the only drawback is the cold he has to experience on the long trip. But he says he is used to cold weather and don't mind it a bit, as to himself, but in regular blizzards like it was Saturday, he says that he hates to see his horses out in such weather.

Ardall Lay was a guest at the party given by Mr. Losely Friday night.

ASTORIA BANK BUYS BONDS. ROSEBURG, Ore., Jan. 30.—The Astoria State & Savings bank today purchased \$35,000 worth of Douglas county road bonds, representing the last of the \$55,000 issue authorized in 1917. The bonds bear interest at 4 1/2 per cent and mature in 1933. The bonds were recently advertised for sale, but bond companies declined to offer par and accrued interest for them. The Astoria bank, however, bought them for par and interest and will use them as security on savings deposits.

PAY CUT ADVERTISED. SALEM, Jan. 29.—The Oregon tax reduction club, at a meeting held here today, went on record favoring a cut of 25 per cent in the salaries of all public officials. If resolutions adopted by the club are carried into effect the salary of the governor will be reduced to \$5000 a year while the University of Oregon and Agricultural college will be required to provide for their institutions out of the millage taxes.

What does the cup supply for you?

Many people find harm to health in the seeming friendliness of coffee and tea. They first notice the unfriendly side of their table drink in sleeplessness and nerve-irritation—signs that health is being disturbed by the drug, caffeine, which these beverages contain.

It pays to face the facts when health is involved. It's a good plan to look for the cause of restless nights and nerve-fagged days.

Postum is a safe and satisfying mealtime drink for everybody. It meets every demand of taste, and it contains nothing which can disturb health. The children may safely share it with you—as many cups as desired, without risk of disagreeable after-effects.

There's charm without harm in Postum—the famous cereal beverage.

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer to make the drink while the meal is being prepared; made by boiling fully 20 minutes.
