SHERRY'S, SUNDAY, MONDAY

New Swanson Film Packed With
Thrills. Beautiful Star Has Strong
Role in "The Impossible Mrs. Bel-
lew."

Beautiful views of Europe's most
fashionable water resort; an ab-
sorbing murder trial; colorful action
at a fine country estate; and Gloria
Swanson in an interesting array of
brand new Paris gowns, are an-
nounced as high lights of "The Im-
possible Mrs. Bellew," a new Para-
mount picture which comes to the
Sherry Theatre next Sunday and
Monday.

"The Impossible Mrs. Bellew" was
adapted by Percy Heath from a
novel by David Lisle. It tells of
what happens when an innocent
wife's reputation is purposely black-
ened by an unscrupulous lawyer in
order to save her worthless hus-
band from conviction of a charge
of murder. Becoming a social pa-
riah as "The Impossible Mrs. Bel-
lew," Miss Swanson flees from
America to Europe, where the story
runs through a gamut of interesting
sequences to a romance that prom-
ises to give her the happiness of
which she has been deprived.

Director Sam Wood assembled a
capable cast for the support of Miss
Swanson. Robert Cain is the hus-
band who causes all the trouble,
while Conrad Nagel plays opposite
the star in the role of novelist, Mick-
ey and Pat Moore are seen in sym-
pathetic kiddie roles, while other
well-known players include Richard
Wayne, June Elvidge, Herbert
Standing, Helen Dunbar, Arthur
Hull and Clarence Burton.

It is pointed out that "The Im-
possible Mrs. Bellew" will have an
special appeal to women, as Miss
Swanson wears several choice gowns
brought direct from Paris by the
star.

Comedy, "No Money to Guide
Him."

SHERRY'S, LAST DAY TODAY "FORGET-ME-NOT" APPEALING FILM.

Will Win Even Those Who Don't
Believe They Have
Hearts.

"Forget-Me-Not," which was
shown for the first time yesterday
at the Sherry Theatre, is a pic-
ture which maketh the heart glad.
Given a story human to the last de-
gree, with a cast which brings to
each character a sympathetic im-
personation and direction which
shows unusual knowledge of life, and
especially of the heart of a child,
the result is a picture which can-
not fail to win favor with every-
one who welcomes photoplays which
are free from hoakum and which
have some semblance to life as it
really is.

"Forget-Me-Not" is a love story
but it is more than that. It is the
life story of two foundlings who
find in their devotion for each other
some compensation for the unkind
fate which has deprived them of
home and the affection of parents.
But even this consolation is denied
them, for Jimmy is adopted by a
rich woman and passes out of Ann's
life to reappear later.
Comedy, "American Plan."

MAYO PLAYS POWERFUL ROLE IN RUGGED DRAMA

A rugged, outdoor story portrayed
by rugged outdoor men is coming to
the Arcade theater on Monday when
"Out of the Silent North," a Uni-
versal production with Frank Mayo
in the leading role, will be the
chief attraction. There probably is
no more virile character on the
screen than Frank Mayo, nor any
man who knows and loves the great
out-of-doors more than William
Worthington, who directed this pro-
duction. "Out of the Silent North"
is a clean, wholesome story of the
"snow country," powerful in its sim-
plicity.

The cast includes some of the
most talented players of filmdom.
Those in principal parts are Bar-
bara Bedford, Lionel Belmore, Frank
Keigh, Harris Gordon, Christian J.
Frank, Frank Lanning, Louis Rivera
and Dick LaReno.

to make a most enlivening and

Where thickness of a Hair Equals a Mile

THE hair of a human head averages from two to three thou-
sandths of an inch, and if motor service shop work is based
on accuracy so coarse as a "hair's breadth," only poor results
can be obtained.

Automobiles may be designed alike, and look the same, yet
one, because of precise fits, has more power, speed and less vi-
bration. When pistons and cylinder bores are held to limits of
one thousandth plus or minus, it means that often a piston .001
undersize goes into a bore which is .001 oversize; and, in case
of a three-inch piston, instead of having a wall clearance of .003
.001 for each inch of piston diameter it has .003 and becomes
an "oil-pumper"—an error of less than an average hair's
breadth, yet, the results could have been no worse had it been
a "mile."

Avoid errors as broad as a hair and for closely fitted pistons
and perfectly ground cylinders have your repaired bring your
cylinder block to us for regrounding and piston assembling.
