THE GOOD

MAXWELL

LOW DEPRECIATION

It has always been our claim that the New Series Good MAXWELL would have an unusually high Re-Sale Value.

Today certain of our competitors are offering and giving a higher trade-in allowance on used Maxwells of the New Series than they will allow on their own product.

This is only further proof that MAXWELL positively dominates its own price field.

LECTURE IS ANNOUNCED

The March of the Nations to the Battle of Armageddon, is the title of a lecture advertised in this issue of the Observer, to be given in the East Hall Sunday, Feb. 18, 7:30 P. M. by a traveling lecturer of national reputation, Gen. H. Boyd of New York City, N. Y. Mr. Boyd has given this lecture in many of our largest cities to crowded houses. The theme is opportune for the times in which we are now living. All can recognize that startling and terrible events are threatening and liable at any moment to engulf the world in a life and death struggle. Few expectible students have any confidence hope for the future, but the lecturer says: "Men are falling from their knees looking forward to those things coming upon the world."

Mr. Boyd will not only picture to your minds the terrible reality of the great Battle of Armageddon, but will also comfort his hearers by showing God's great plan for the blessing of all mankind to follow immediately. All people regardless of their religious faith are deeply interested in this lecture and a crowded house is the usual thing to expect if you want a seat come early.

Mr. Boyd is traveling under the auspices of The International Public Students Association.

You are welcome. Seats free, there is no collection.

FEED PRICES WORRY DAIRYMEN

LA GRANDE, Ore., Feb. 16.—Shortage of feed is giving local dairy men much concern. To buy hay and feed at present prices means a considerable loss to producers. The local cream plant is handling the bulk of the milk product, and it too, according to Mr. Martin, manager, has been operating without profit this winter.

ELOPERS TO BE PUNISHED

(By Associated Press)

YANCOVER, Wash., Feb. 16.—James Alexander, father of Marie Alexander, 15, who eloped to Vancouver a few days ago with Steve Stof, a local boy, today told Clark county officials he intended to have the couple and their witness, Harvey Smith, prosecuted to the full extent of the law.

"I'll show them there is some law in America," he told County Auditor Stricklin. Alexander is a native of Macedonia, as are Stof and Marie.

Alexander called here to obtain certified copies of the records of the wedding, which resulted in the arrest of the couple. Marie gave her age as 19 when she obtained a license.

Drafting was started last week in the second oil well in Douglas county. It is located in the Valley, a few miles west of Hoodsburg.
