

IMBLER CAGERS WIN AND LOSE

(Special to The Observer)
NORTH POWDER, Feb. 27.—The North Powder high school basketball team and the town team of North Powder met the Union teams on the floor of the big hall at Union on the evening of February 24th. The games were snappy from start to finish. The North Powder high school team was not at any time in danger of losing to their opponents. At the close the score was 27 to 13 in favor of North Powder. The North Powder team lost several games at the beginning of the season but have been victors in the last games and are determined to keep the good work going right along.

The town basketball team lost to the Union team and hope to retrieve their fortunes in the next game.

Union and North Powder will again try out their respective teams at the Bungalow theater on the evening of March 2 or 3. It has not yet been definitely decided.

The high school boys are now starting baseball and will give some fine games on the diamond as soon as the weather will permit them to do so.

Al Olson and his son Dean bought two fine Jersey cows from Gus Levy last week. These cows come from the milking strain of Jerseys made famous through this section by the Levys. Gus Levy is feeding cattle close to North Powder and has a number of these fine Jersey cows which he is selling out to persons wanting good cows.

Mrs. Andrew Willis returned home last week after being in Baker taking treatment for her eyes. She has been troubled for some time with bad headaches and was forced at last to have something done for them. Dr. Aronson of Baker is treating her for the trouble.

Mrs. Wm. Grant accompanied her husband to La Grande on Monday. Mr. Grant is still on jury duty and Mrs. Grant will visit with friends while in the city.

Mr. and Mrs. Dean Olson visited at the law home on Sunday.

In face of all the warm weather we are having Mr. Ground Squirrel has not as yet put in his appearance as the forerunner of spring. This is noticeable as they are usually out before the weather gets as warm as it is now. The farmer hopes that we will not have many squirrels this year. Last year the squirrels were the worst that has ever been known in this part of the state.

Mrs. James Higgs has gone to Idaho to visit for a time in hopes that it will benefit her health. She has been in poor health for some time and will try a change in hopes that she will feel better.

Ed Carnes has returned home from a visit to Hood River and other western points in Oregon. His health is much better than it was before he left for this visit.

Mabel Munsinger has returned to her home from the hospital where she had been operated on for appendicitis. She will soon be back at her school work again.

Spring seems to be here to stay and we hope it is. Winter has had a long stay and while we have enjoyed it we are glad to welcome spring. Everything points to a fine prospect for good crops and a prosperous season for North Powder.
