

# Frocks Bid You Come

For they are here in a range of new styles that will gladden the hearts of distinctively costumed women. Each frock represents a most attractive version of one of spring's favorite styles and interprets such new tendencies as the tiered skirt, the circular godet paneled effects and tucked sections with a clever twist. No matter how important the occasion, there is a frock here designed to do it justice.

HILLS DEPT STORE

## VICIOUS CANINE SCARES POWDER

**NORTH POWDER, Mar. 6.**—One day the latter part of the week a vicious dog came around the warehouse of Hills-Depts. (Globe company). The dog snarled at Mr. Hillwell who got a gun and shot at the animal but the dog was too far away for the shot to take effect. Then he looked for him with the intention of killing him, but he got away. We hope that the mad snare we had a few years ago in North Powder will not be repeated this summer. This dog was not reported as mad but only as vicious. That is nearly as bad. It makes one shudder to think of this vicious animal had tried to bite a child and get a man. The dog became law should be confined to the lot and shot if it will do away with all stray curs.

People and such are too valuable to be trusted to the mercy of every stray vicious cur that is roaming unchained over the town and country.

**Home Catches Fire.**  
On Thursday evening on March 1 the home of Mr. Angel caught on fire about 8 o'clock in the evening. Lee Sloan saw the fire and went to the home of Mr. Meyers, got a long ladder and descended the roof and with a bucket of water put out the fire.

A very high wind was blowing at the time and if the fire had gained much more headway the house and its contents would have been destroyed. Mr. Angel did not have a chance to get out of the house until the fire was extinguished. The roof caught from an open chimney and a few hurried minutes was the only damage done. Mr. Angel was very fortunate as the high wind would have made fire catching almost impossible had the blaze got any start.

Mr. E. H. Dalton entertained a number of ladies at her home on Wednesday afternoon, February 28, at 5:00.

Tables were set for 18 players and the ladies played cards for some time and Mrs. Chris E. Johnson won the prize for the highest score.

The ladies after much discussion decided for a card club and meet every two weeks at the different hotels and two ladies of the club will be on the committee for the entertainment of the club. The first meeting will be held on the afternoon of March 14.

**Team Runs Away.**  
Mr. Jones and Mr. Meyers were out hunting last week when the team became frightened at something and started to run. In the excitement and hurry Mr. Meyers sustained his foot and is just now able to hobble around on it.

The Union high school basketball team played a game with the North Powder boys and after a hotly contested game, the score was even. Both sides started out with the determination to win. The game was a hard fought battle from start to finish but in the end the boys could gain one point over the other. First one and the other team would score a point and in the end the game was a tie.

A number of the players would like to play a game in a neutral town on the floor of a hall different from either North Powder or Union and see which town is the best or whether it would be a tie in the same way. This may be done later.

The Union town basketball team met the North Powder town team on the same evening and the score was 30 to 24 in favor of Union. The North Powder team made so much noise during this time that they did not know they were there until they were told that they were there.

An Arkansas woman has evicted her third husband. It seems unfair that some should be old maids while others have husbands to burn.

**APPLICANTS DECREASE.**  
TOKIO, Feb. 12. (By Mail).—Applicants for admission to Columbia, Japan's Xunapolis, were just over a third of the average this year. For ten years the applications have averaged 2,000 but this year only 1,100 applied, and of these only 50 will be given the examination.

## German Job Not Worth Carfare; Paid in Marks

(By Associated Press)  
DUSSELDORF, Feb. 10 (By Mail).—"You must be making an enormous lot of money," said an American to the head porter of the largest hotel in Dusseldorf, "you spent more than half your time counting great stacks of bills."

The head porter looked up sadly: "Don't joke with me," he admonished. "I am the man who is responsible for the passing of one of the oldest, ironical, sarcastic remarks ever made about jobs."
