The reason temptations overcome a man so easily is because he wears himself down running after them.

There is something pathetic, also, about the fender all furrowed and wrinkled with careless driving.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, bring back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyle's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly.

You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Mrs. Isabella McLachlan Operation Avoided

Portland, Oreg.—"Dr. Pierce's medicine has been so very beneficial to me that I am glad to give it my recommendation. Doctors said I would have to undergo an operation, but after taking the 'Favorite Prescription' I found that an operation was not necessary. During one expectant period I suffered with inflammation and became so weak and rundown I could not do my work. Doctors again advised an operation, but instead I began taking the 'Favorite Prescription' and it soon put me on my feet. My health returned, and my baby was very healthy. Since that time whenever I have felt badly I have taken the 'Favorite Prescription.' It always makes me well in no time."—Mrs. Isabella McLachlan, 708 Mich. Ave.
