FOR SALE

One room house and a big lot, near road shops. Bath, toilet and laundry on both floors. Some thirty can take in rooms and possibly fish meals, which, besides providing a comfortable home for the family, will materially add to the income. Interested in such a project, you appreciate the bargain which I permitted to offer, as this place is very low, considering the well constructed and conveniently located shops, and the monthly payment is \$45, which includes the interest. Price is \$2200 and the house can be built and plumbed like a house is for anything like \$1000. To say nothing of the big lot, which, in fact, is an entire block. Let me show you what a first class property you can become possessed of for a small initial investment. Property is in all ways, water, etc. Good 3-room house, built with tile, family oriented. This locality is especially adapted to tourist business. Here is a choice dairy and poultry farm, located near school and grand lot, about 3 miles from La Grande. Price is \$2500 and \$1500 cash will do it, or for \$4200, machinery, etc. consists of new motor, rubber wagon, team weighing 2200 lbs., 10 Percherons and 10 horses, 10 cows, and two calves. Owner will consider taking La Grande residence property for part payment.

with us at the Easter time. No member of our church and congregation can afford to be away from the Sunday morning worship at 11 at which time a most vital theme to the life of our church will be presented by the minister. Mrs. A. L. Richardson will sing, "O Lord, Be Merciful," by Bartlett, by special request. In the evening service the continuance of the Lenten meditations will offer to all a most helpful message. The young people's choir will have a special number and Mr. Donald Funk will contribute a tenor solo. Sunday school at 9:45 and C. E. at 6:15, will complete the day's services. "Day by day, in every way, I am getting better and better in my church attendance," is a motto that we might apply to ourselves. May we see you Sunday as you bring others with you who are not members elsewhere.—W. C. Ross, minister.

FIRST METHODIST EPISCOPAL CHURCH—The sermon in the forenoon service will be a study in the "Character of Jesus." The chorus choir will sing Dudley Buck's "Rock of Ages." Civic Night will be observed in the Pleasant Hour service at 7:30. The new city manager, Mr. Hayes, will be heard in a brief address on the subject, "What has the city administration a right to expect from the citizens?" and H. E. Dixon will speak on "What have the citizens a right to expect from the city administration?" Mr. Quigley will take for his theme "Making the Seal of the City Beautiful." The speakers will limit themselves to ten minutes. An extra attractive program of music will be enjoyed. It will include many of the old songs that our fathers and mothers loved. G. L. Dutton, Sherwood Williams, Mrs. Alrich, Mrs. Sherwood Williams, Paul Knautz and Mrs. Ray Fuller will be the soloists. They will be heard in some of the songs which have sung themselves into the hearts of the

DISCOVERY AID TO AIRMEN IN FOGS

(By Associated Press)
HANTON, Ill., Mar. 10.—The bank, turn and climb indicator, recently invented and perfected by the personnel of McCook field at Dayton, O., is hailed by army air service officers at Chanute field here as safeguarding cloud flying about ninety per cent. It is described by these officers as an instrument so designed as to let the pilot know instantly of any climb, bank, turn or skid his plane is making and the degree of same, being operated by two gyroscopes which are run by the rush of air past the plane.

The change officers state that the most forceful instance of its value in aerial navigation was recently demonstrated in the Airways Flight of Lieutenant A. G. Hamilton, of Chanute field, flying a De Havilland plane which was not equipped with the indicator, and Lieutenant C. H. Ridenour, of McCook field, also flying a De Havilland plane which had been equipped with the indicator. Lt. Hamilton was joined by Lt. Ridenour.

He set a compass course for Washington and landed sixty-five miles south of there, while Lt. Ridenour, an altitude of twenty-six hundred feet, they encountered the mountain peaks of which penetrated dense banks of clouds. As both pilots were equipped with parachutes they determined to try to make their way through the cloud bank rather than turn back. On entering the clouds they lost sight of each other. They climbed through five thousand feet of clouds, and, emerging into clear blue sky again, Lt. Hamilton was unable to locate Lt. Ridenour.
