"No One Can Cook

in an old worn-out party dress," says a famous lecturer. And it's the truth. Don't you feel more efficient when you are going about your household tasks prettily garbed in a neatly made House Dress, designed for this especial purpose? One of a daintily checked gingham or clever crepe combination, such as we are showing.

HILL'S DEPT STORE

FANS TALKING UP BASEBALL

Tex and Bud Knight Arrive in La Grande; Pirates to Meet Soon; Many Prospects in Line.

With the snow falling outside, the hot stove league is still maintaining their high batting average. And their talk is centering more and more on baseball prospects for the coming year. Tex Knight, last year Pirate third sacker and his brother, Bud Knight, also a third sacker and supposed to be better than Tex, according to Tex, drifted into La Grande yesterday and with their coming, baseball interest took an upward trend. Tex was one of the best men in the Inter-mountain league last year and both he and his brother want to play with La Grande again this season. Doesn't look so discouraging, does it?

W. C. Crews, last year shortstop on the Pirate's nine, spent a few days in Baker last week and reports that baseball fans are just as anxious for a good season this year as is La Grande. No decision has been made by either town as to what kind of a league will be organized but at present it looks like either a reviving of the old Old Inter-mountain six team league or the organization of a Baker-La Grande league combined with independent baseball. Either one would assure valley fans of plenty of good snappy diamond work.

The members of the Pirates are expecting to hold a baseball meeting, either Monday or Sunday, at the Home Plate for the purpose of organizing and making plans for the coming season, the definite date of the meeting to be announced later.

Talking about prospects, in addition to the coming of Tex and Bud Knight, another ball player has been discovered that is expected to come to La Grande soon, a man named Haggart, who will try out for the outfield. And with all of the old force due to be here this summer and two or three other men on the string, conditions look favorable for the best baseball team La Grande has had in many years.

Unfortunately, however, sending the Ruhr won't increase the French birth rate.

A [illegible] is a man who resents the existence of a [illegible] in which he has no [illegible].

Knowledge is power. But the knowledge that you have [illegible] use of yourself [illegible] you powerless.

Hell, for some people, will be a dismal place where they will never have a chance to [illegible] anybody.

When In Pendleton

Stop With Your Old Friend, J. M. STALEY, Former Owner of the Savoy In La Grande.

He now owns the Dorion hotel in Pendleton, which is a thoroughly modern home for the traveling public and he looks after his patrons with the usual "Staley Hospitality."

SENIOR PLAY BIG SUCCESS

Second Night of Presentation Even Better Than the Opening Night; Cast Did Splendidly.

Just as successful as when first presented Friday evening, was the final presentation of "Come Out of the Kitchen" by the Senior class of the La Grande high school at the auditorium Saturday evening. Possibly just a bit more excellent was the work of the cast than on the opening night.

As on Friday night the cast played before a house filled to capacity who greeted their efforts with spontaneous applause that was ample proof of the matchless ability manifested in the portrayal of their lines. Many comments relative to the play were heard and were all unanimously to the effect that the production was of a nature rarely seen in amateur dramatic circles. Much credit is due, not only to the wholehearted work of the members of the cast, but to the director, Miss Mabel A. Bennett, to Miss Fredericke Schilke for her capable management and supervision of the double quartette, who appeared along with the saxophone quartette and Miss Helen Williams, pianist, in specialties between acts, and to all connected with the financial side. Never before in the history of La Grande high school has such live interest been shown in an amateur drama interest that proved to be more than well placed.

"Come Out of the Kitchen" was beyond a doubt, one of the most successful, most intriguing, and most excellently presented of the long list of dramatic productions released by the local high school.

SNOW REPORTS FROM THE PARK

THE PARK, Mar. 12.—Measurements of the snow at various places in and around The Park have been taken as follows: At The Park, 18 inches; the Summit, 3 feet 6 inches; Thompson place on Catherine Creek, 20 inches; old log cabin at the Forks, six miles from The Park, 14 inches; highest point on Main ridge, seven miles from The Park, 10 feet; Johnson's cabin on Little Catherine, 4 feet; Little Meadows, 7 feet (seven miles north). These measurements were taken during last week. Sunday night four inches fell before morning. The south side of the North Ridge is all bare from Little Elk Creek down. The captain of last week "Park News" indicated that "ten feet of snow at the Park" while it is only 18 inches at Clarence Vanorder's ranch. This will tell where the deep snow really is in evidence.

Mr. and Mrs. Frank Wigglesworth are rejoicing over the quick recuperation of their babies who were sick for a short spell some time ago. They report that all is well at the Rayno Flat, where they have their home.

Mr. and Mrs. Joseph Lay celebrated the birthday anniversary of their baby girl, Beverly Rose, one year old, Sunday the 4th.

George Osborne took dinner with Mr. and Mrs. Frank Wigglesworth, on Sunday at their home on Rayno Flat.

Gyle Lay is at his home with mumps, not being able to attend the high school at Big Creek.

Athelea Lay reports a very successful time at the play given at Big Creek Saturday evening.

C. N. [illegible] of Portland sent a fine swine [illegible], as a present to his little friend, Jack Hunter, Jr.

Joseph Lay went to Big Creek after a fine pig that he bought of Jim [illegible], this week.

Frank C. Hunter will return home from the Ed Miller's lower ranch in the near future.

Kenneth Vanorder was a business visitor at the Springs one day last week.

News has reached here that Harold Boyce, born and raised here, but now residing in Aberdeen, Wash., having had his leg amputated due to a saw mill accident, and at one time was not expected to survive the shock, is now well and about ready for an artificial limb. This is certainly good news to his many friends and relatives here.

J. W. Lay, the mail man, is breaking all records so far being punctual with the mails. Heretofore at this time of the bad roads the mail was very uncertain.

Lambing Season On.

They have 24 new baby lambs at Joseph Lay's and some more coming. They have 51 Rambouillet ewes, which makes them a very fine herd for their ranch. They report, that outside of the care tending to their feedings and caring for the young lambs, the sheep cost but very little, as they feed on corner grass and several weeds which would go to waste, otherwise.

"Little Jack" Hunter reports that the ducks are pretty well down the mountains but are going up now, north following the [illegible]. A large bunch crossed the creek at the Thompson place, going up Lick Creek, towards the Black Pine Spring.

The creek is all uncovered of ice, and is rising slowly from the melting of the snows.

All indications point to the spring being here, but we may have a long season of it.

DEANS ARE ON HOMEWARD TRIP

Spent a Delightful Month in California, Now Journeying Back to Cove.

After spending more than a month in Southern California Mr. and Mrs. John Dean have started on their homeward trip to Cove. They visited Mr. Dean's father, and in a letter to the Observer they say they have had a most delightful time.

The letter says in part: "Through the Evening Observer I have continually kept in touch with the program in Union county and also the weather. Noticed also the accounts of the legislature and judge that it was rather a snappy session. A short time ago I met Frank R. Bridges, formerly of La Grande and he made inquiry regarding all of his old friends in the Grande Ronde valley.

"The trip down here is well worth anyone's time. It is in fact a most wonderful country. Besides enjoying the climate and the fine fruits one is permitted to mingle with people from every state in the Union and learn at first hand the conditions that exist there.

"Judging from conditions here one might think that prosperity pervailed in every land and money was a burden to many from the way they unload it. Property doubtless does not raise in value here but it surely does jump in price, and at that I believe it will stay up unless this country experiences an earthquake or a tidal wave.

"Last week we took an auto trip through Imperial valley which was very interesting and enlightening. For instance lettered on the depot one will observe instead of elevation records records something like this: '81 feet below sea level or 160 feet below sea level' as the case may be. Lettuce at this time of the year is the principal crop that is being marketed. Asparagus is just coming on, also green onions and cucumbers. Date palms and early grapes seem to be the coming fruit crop.

"We drove to Calexico where we crossed over into Mexico and it being Sunday had no significance for all stores and saloons were open and a bull fight was on for the afternoon entertainment. I also noticed many swarthy Mexicans hurrying along with the game rooster under an arm going to the arena where in either case win or lose they bet their last penny on their bird.

"We expect to leave here the last of this week going by auto to Sacramento and from there will take the train for Oregon. The weather is clear and warm and at the time you had your last snow we had but little rain."

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

BABY BROUGHT TO LIFE

TILLAMOOK, Ore., Mar. 12.—Glen Terry, chief engineer of the fire department, was called to the hospital where a still-born baby had been born to a Mrs. Wilhelm after Dr. Smith had spent 15 minutes in an effort to bring the child to life. When Mr. Terry arrived with a lungmotor the child was brought to life and is still living.

A number of similar cases have occurred here and in which babies have been brought to life by the lungmotor. In one case a man suffering from pneumonia was restored to life.
