installment plan, of course, but you
get through some time.

Colds Are Contagious.
Coughs and colds are contagious
and require prompt treatment, as
they spread or develop into Flu and
Grippe. Take no chance when you
get Foley's Honey and Tar for
a few cents and quickly check
coughs and colds. The constantly in-
creasing demand for Foley's Honey
and Tar, for three generations, has
made it the largest selling cough
medicine in the world. Contains no
narcotics—ingredients are printed on
the wrapper. Refuse substitutes. In-
sist upon Foley's. Adv.

Women Know What They
Want—and Get It

A woman buys many different
food products, dozens of fabrics and
articles of apparel, shoes, things for
the home, toilet preparations—quite
probably in a year she makes a thous-
and purchases. Personally to judge
the quality of each, she would need
to be a chemist, an engineer, a metal-
lurgist and a good many other things.

So, given the choice, of course she
buys the goods she knows in prefer-
ence to those she does not know. And
she is going to have that choice for
a good many years. She is boss.

Manufacturers who want to work
for her must realize this: They must
put in their application at once; con-
vince her of their intention and abil-
ity to give her merchandise of known
value; and then live up to the stand-
ard.

For she is a just but ruthless boss.
She neither forgets nor forgives. She
rewards loyal service with loyalty,
but her condemnation of broken faith
is final.

Her favor is the sunlight of suc-
cess; her indifference, the outer
darkness.
