RADIO CONCERT IS HELD AT COVE

(Special to The Observer)
 COVE, Mar. 14.—The snow altered the appearance of things. Instead of making preparations for Spring we roused up with a revivette for "Old Winter."

Father Walsh of Baker came down to Cove on Monday for early morning services. As Cove has no Roman Catholic church, services were held at the residence of J. Selak.

Mrs. Ralph Comstock expects to entertain Patrick Conroy, a member from "The month," who has been the "call of the west" and if he likes it here, may make his future home in this country.

Merrill Conley went to Walla Walla last Thursday to visit his brother and sister at that place and while there had the pleasure of hearing the opera "Pique" which was given at the school on Monday morning.

The radio purchased by the Masons and installed in the Masonic lodge has changed hands and is now owned by L. E. Anderson who has installed it in his own home.

There was a radio concert at the phone show on Monday evening.

L. E. Anderson is moving back to Cove. They went to Union last fall.

Recipe to Clear a Pimpley Skin

Pimples are impurities seeking an outlet through skin pores.

Pimples, sores and boils usually result from toxins, bacteria and impurities which are gathered in the blood and then absorbed into the body through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the kidneys retain more toxins and impurities than the kidneys can eliminate. This is the reason the skin pores as the best means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The best way to clear the skin of these eruptions, and to prevent their return, is to get from your kidneys about four ounces of Jod Salts and take a tablespoonful in a glass of water each morning before breakfast for one week. This will help prevent the formation of toxins in the blood. It also stimulates the kidneys, thus causing them to filter the blood of impurities and clearing the skin of pimples.

Jod Salts is non-toxic, and is made from the acid of grapes and lemon juice, combined with salts. They can have a pleasant after-taste if usually helps make simple, healthy.

lived there all winter and are now returning to Cove.

Mr. and Mrs. Clarence Herford, who moved to town for the winter, have returned to their home up the canyon.

Merrill Conley gave a splendid description of "Pique" to the school on his return from Walla Walla.

E. Lawson of Union was in town on Saturday.

Mr. and Mrs. J. E. Mills and Mrs. T. V. Miller were La Grande visitors on Saturday.

Mrs. J. J. Conley will spend the latter part of the week in La Grande with her sister, Mrs. Ada Walters, who will soon return to her home in Corvallis.

Archibald Goble, who has just come in this morning from Parkville, Mo., held his first service in Cove at Sunday morning. He visited Union on Sunday evening and will go to La Grande, Walla Walla and Enterprise. He will visit different parts of the district and will not return to this part of the country before Easter. He will be joined by his
